On Euclid Parkway Decision

Council Majority Accused Of 'Pre-Trial' Methods

UPLAND The News

SIXTY-NINTH YEAR -- Number 3 | UPLAND, CALIFORNIA | 10c Copy | 3 Sections | 20 Pages | Thursday, April 4, 1963

Councilman Max Hawkins opened Tuesday night's Upland City Council meeting with a prepared statement which suggested an act of collusion between Mayor Abner Haldeman and Councilmen Kistinger and Bob Marriott on the Euclid parkway action.

There was no rebuttal from the Council majority, but later in the meeting, an appointment was made to the Parks and Recreation Committee apparently aimed at smoothing over the incident.

Hawkins was referring to the March 19 Council meeting when a group known as the "Citizens Committee to Save Euclid Avenue" was given a place on the agenda.

Councilman Marriott, however, received first position on the same agenda and his motion, which pased the council by a 3-2 vote, served to nullify the committees appearance.

Marriott, Kistinger and Haldeman voted to develop a compromise landscape plan for Euclid Parkway, to restudy the parkway south of Foothill, to accept recommendations of the Parks and Recreation Committee, that future plans be reviewed by the committee and posted for the public, and that the planted block remain. Hawkins and Christensen voted against the Marriott proposal.

Hawkins statement to the Council Tuesday was:

At the Council meeting of March 19, 1963, the premeditated act of apparently a majority of this Council in the form of the motion made by Councilman Marriott, was aimed at, and successful in, nullifying a letter and suggested city ordinance from the "Citizens Committee to Save Euclid Ave."

This sort of "pre-trial" is not democratic nor is it consistent with fair play. I do not think that behind the scenes decisions have a place at any level of government.

I know I will be considered naive and a dreamer, but I shall always think that government, and those governing, can be honest and fair.

I sincerely hope that from now on this Council will settle the problems presented to it, AT THIS TABLE, when those problems are presented.

Later in the meeting, Mayor Haldeman recommended for appointment to the Parks and Recreation Committee, Richard E. Holdaway, 1538 N. Shelley, who is chairman of the "Citizens Committee to Save Euclid Avenue." Holdaway replaces Charles N. Walker who resigned.

Holdaway said that his "Save Euclid" committee still hold regular meetings, but are "sitting tight" to see what action the Council takes.

"Perhaps," Holdaway stated to the NEWS, "my appointment to the Parks and Recreation Committee will help with our ideas on keeping the Parkway in its present setting."

Holdaway told the Council in accepting the appointment: "I appreciate receiving this post and rest assured my activities won't be limited to Euclid Ave. or Little League baseball."

Bert Elected New President Of Lions Club

Members of the Upland Lions Club held their annual election Thursday, April 28, and elected Dwight Bert as president to head the 88-member club for the next year.

Elected to serve with Bert as club officers are: Tail Twister, Roger Olson; First Vice President, Archie Cruz-

Frampton Photo
Dwight Bert

en; Second vice President, Glen Young; Lion Tamer, Clarence Reeder; and two-year director, Mike Rossitter.

Frank A. Reed remains as a director for one more year, completing the Board of Directors will be Immediate Past President, Maury Goodban.

Bert, co-owner of Upland Feed and Fuel Co., has been in the Upland Lions Club for 14 years. He was a former director of the Upland Chamber of Commerce.

The new officers will take over their duties officially on installation night set for Thursday, May 2.

Glasheen Has Heart Attack

Upland High School Principal Thomas M. Glasheen suffered a heart attack last Friday and is in serious condition in Pomona Valley Community Hospital.

A report from hospital authorities late Tuesday said Mr. Glasheen was 'resting comfortably" but could not have visitors.

Mr. Glasheen, who has been with Chaffey District since 1949 as English teacher, assistant principal and principal, is also president of the Upland Rotary Club.

Trustees Urge Library Use In Evenings

In a statement reflecting the feelings of the Chaffey High School District Board of Trustees Monday night, district high school students were urged to take advantage of new school library evening hours.

In recent action, trustees accepted the recommendation of the administration to open the school libraries various evenings from 7 to 9 p.m.

Upland High library is open Wednesday and Thursday evenings, Montclair on Monday and Tuesday, and Chaffey Monday through Thursday.

On the first four nights of operation, students utilizing the library at Upland High were 29, 23, 19 and 12 respectively.

Superintendent Allan G. Smith said as students became aware that evening hours are available for reference material and special reading, the participation would grow.

Any students of the district may use all three libraries, but material may not be checked out unless the person attends that particular school.

"There is absolutely no reason now for students being unable to complete asignments because they can't get to the library," Smith said.

* *

In other action by the board Monday night, approval was given for the offering of contracts to five new teachers for the 1963-64 school year. They are:

Miss Susan A. Buzzell, girls' Physical Education; Joseph Cardina, Spanish and French; Gary Carney, Industiral Arts; DeWitt R. Johnson, English; and Mrs. Barbara Morlock, Homemaking.

A commendation was also given to Upland High School business teacher, Andrew Malahan, for his outstanding service in the California Business Education Association which consists of 2,000 business teachers.

Trustees authorized the purchase of pre-finished laboratory cabinets for Alta Loma High School for $25,529 from Royal School Laboratories, Inc. of Los Angeles.

The approval of a proposed policy for a public relations program of the Chaffey District Teachers Association was tabled for revision.

KEY CLUB CLEANUP was held Saturday, March 30, as members of the Kiwanis-sponsored organization of Upland High School showed their civic-mindedness and picked up all the roadside debris on San Antonio Ave. from Foothill Blvd. to 24th St. From left above, on the first trip to the dump, are: Dean Palmer, Key Club President; Randy Michael, Jack Lincke, Loren Miller, club treasurer; Bob Smith, David Swihart, Steve Harmon, and David Storms, club secretary. Said Palmer: "It's incredible that so many people are carrying liquor and beer in their cars as evidenced by the cans and bottles picked up along the road."

Last Chance For Tryouts

Last chance for tryouts for the Foothill Little League will be Saturday, April 4 at San Antonio Park, Mountain and 24th St.

Nine and ten year old boys should report to the park for tryouts between 10 a.m. and noon. Boys 11 and 12 are scheduled for 1-3 p.m.

Planners Deny Parochial School Permit On Euclid

Plans for a parochial grade school to be built on Euclid Ave. north of 16th St. were stymied by the Upland Planning Commission at the March 28 meeting.

Bowing to public sentiment, the planners unanimously denied a request for a conditional use permit for the Southeastern California Association of Seventh Day Adventists to construct an initial four-classroom school in a choice residential area.

Harold J. Lance of Upland, chairman of the school's planning committee, said that his group has not yet decided whether to appeal to the City Council "or take some other action."

"We are preparing for both eventualities," Lance said, "and expect to make a decision within a short time."

The commission chamber was packed with a standing-room-only crowd of residents from the area.

Commissioner Henry Bru. baker's motion stated:

1. Area residents are overwhelmingly opposed to the location of the school.

2. The application would not conform to the Master Plan.

3. The Planning Commission has rigidly denied the fronting of business, commercial or professional buildings on Euclid Ave. north of Foothill Blvd.

Lance, speaking for the school group, said Euclid Ave. was selected because it is a good location, a site to be proud of, and would be an asset to Upland.

"We operate literally hundreds of schools," he said, "including medical and dental schools. We have the background and know school operations.

"We believe we have the

Kiwanians Back New Senior Citizens Club

Thirty three senior citizens of the Upland area met with members of the Kiwanis Club of Upland on March 27 to discuss further plans for the formation of a senior citizen club in Upland comparable to those which are found in the neighboring communities.

The meeting was opened by Ray Anderson, Chairman of the Kiwanis Club committee which has been studying ways in which the Club could be of service to the senior citizens of the area.

After welcoming all those who attended the meeting, Anderson introduced the members of his committee who were present: John Nicholson, Glenn McRea, Alex McLeish and Jack Blair.

Anderson reviewed the findings of his committee in surveying senior citizen activities in other communities and reported that the senior citizens in the Upland area who had contacted the Kiwanis committee were interested in about the same kind of recreational and educational activities being carried on in the surrounding cities.

He also stated that his committee had concluded that the most effective way of providing for the activities that the senior citizens want, and for which there appears to be a real need, would be by forming an organization or club.

The big advantage of this would be that the Kiwanis Club as well as the city and other organizations interested in assisting this project would be able to work with an organized group which would make its own plans and be able to express its specific needs for assistance as needed.

It was pointed out to those in attendance by the Kiwanis representatives that their objective was only to assist senior citizens in organizing recreational activities in which they wished to participate.

Anderson continued by stating that in order to get the organization started his committe had obtained the agreement of the following Upland residents to serve on a temporary steering committee: Earl E. Hawthorne Chairman, Lindsey J. Beal, Clifford H. Betz, Sidney H. Davidson, and Mabel Maxwell.

Hawthorne announced that for purposes of discussion the committee had drafted up an organizational outline and discussed the proposal with the group to obtain comments and

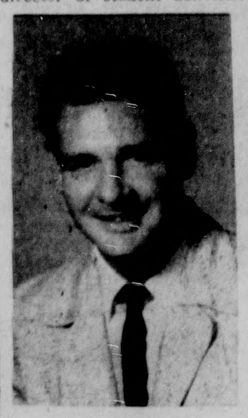
Name Rischer ALHS Coach Of Basketball

Gus Rischer will be the first varsity basketball coach at Alta Loma High School opening next fall. The announcement was made by Burton A. Wiley, principal.

Rischer, in addition to his coaching job, will serve as director of student activities



Gus Rischer

and counselor.

Rischer comes to Alta Loma with an extersive basketball background. He was a three-year letterman at Beaumont High School, St. Louis, Missouri, and made all-state in 1947. His team record that year was 29 wins and one loss. He also lettered two years in track.

At the University of Illinois he lettered in basketball as a freshman, and in 1949 he moved to the University of Missouri and lettered there.

He went into the service and was on the March Air Force Base basketball team that won the Air Force Pacific Coast conference. He was sent to Omaha, Neb., where he played in the Air Force World Wide Tournament, placing fourth.

He went into industry on leaving the Air Force, and was employed by General Petroleum of Santa Maria. He played guard on the company sponsored semi-pro team in the National Industrial Basketball League.

In 1954, he returned to his studies and attended Pepperdine, where he lettered as first string guard. He came

Councilmen Split On Zone Changes

Upland City Councilmen Tuesday night split their votes on three of eight zone change decisions. The split decisions involved property north of Foothill Blvd. Two were on appeal from the Planning Commission.

The first split came on 16 acres located at the northwest corner of Mountain Ave. and 13th St. from Fredericks Development Co. seeking a zone change from A-1 to R-3 (multiple family).

The Planning Commission had disapproved the application, but the development firm was seeking an appeal from the Council to R-1-D rather than the denied R-3 zone.

The Planning Commission had rejected the application because "intense residential area should be avoided in the path of Cable Airport."

Councilman Bob Marriott at first suggested that it be returned to the planners, because the applicant was not asking for the same zoning as was denied.

City Attorney Don Maroney said, however, that this was not necessary as the R-1-D zone sought was in conformance to the Master Plan.

Councilman James Christensen told the Council he was against R-1-D (7,500 sq. ft. lots) north of Foothill and west of Euclid, because it was not the most economical zone.

"This zoning accomodates more people," he said, "and therefore will require more city services. I was against this zoning when it was put on the Master Plan because I believe we should have R-1-B (15,000 sq. ft. lots) in that area with the R-D (research and development) zone as a buffer from the airport.

"In my opinion," Christensen said, "this R-1-D was installed so that we could say it conforms to the Master Plan."

Councilman William Kistinger said the council has an obligation to everybody.

"When we have 20,000 sq. ft. lots," he said, "the sales

(Continued on Page 6)

Ray Anderson Appointed City Planner

Council decisions Tuesday night included an appointment to the Planning Commission to replace resigned George Whitney and the study of an offer of property to the city for a Fire Hall site.

Mayor Abner Haldeman recommended and the Council approved unanimously the appointment of Rayburn Anderson, 1310 N. First Ave. to fill the vacancy on the City Planning Commission.

A business manager for Sunkist Growers, Anderson has lived in Upland since 1955. He was formerly associated with the American Pacific Steamship Co.

He is a graduate of USC and past president of the Upland Kiwanis Club. Anderson is presently chairman of a Kiwanis Committee organized to aid Senior Citizens form a "Fun After Fifty" Club.

* *

Upland developers Del Hensley and Andrew Torta offered to the city for $1,500 a 100 x 150 ft. site on the south side of 19th St., 500 ft. east of Mountain for a proposed new Fire Hall.

Kistinger suggested that the offer be placed in writing and investigated by the Police and Fire Committee.

City Manager Elwin Alder said a site for the Fire Hall has to be geographically located and that the Council must act before too many homes are built in the area.

In other action, the Council discussed possible annexation of property east of Upland.

Kistinger stated that the city would be happy to have residents living east of Grove come into the city.

Magnolia School Opens April 15; New Schedule For Buses Announced

Upland's new Magnolia Elementary School on W. 15th St. is scheduled to open for classes on Monday, April 15.

School administrators have released the new boundaries and bus schedules which will be effective on the opening date.

Attendance boundaries for the new school are:

Starting with the center line of Euclid Ave. at Foothill Boulevard, thence north to the center line of 23rd Street at Euclid Ave., thence west to the center line of Mountain Ave. and 23rd Street, thence north on Mountain Ave. and the extension of Mountain Ave. known as Mountain Lane to the end of Mountain Lane, thence west to the Los Angeles County line including all area south of the San Antonio Dam, thence southwesterly following the county line to the center of Foothill Boulevard, thence east to the point of beginning or the center of Foothill Boulevard at Euclid Avenue.

All pupils living within the boundaries as outlined above, presently attending grades first to sixth inclusive at the Sierra Vista Elementary School will transfer to the Magnolia School.

Kindergarten pupils presently attending the Sierra Vista Elementary School will not be disturbed and will complete the current school year at Sierra Vista.

The new bus schedules which will affect the students

GROUNDBREAKING ceremonies for a $250,000 plant to be built in the Cucamonga Industrial Center were held Monday afternoon. The Goodyear Rubber Co. of San Francisco (not related to Goodyear Tire and Rubber) will occupy a 14,000 square foot building to re-cover rubber rollers for printing presses. From left above: Clark Tyler, manager of roll cover division; John H. Webber, vice president; John Watson, president; John Cooper, representing the County Board of Trade; and Sebastiano (Buster) Filpi, owner of Cucamonga Industrial Park. Operations in the new plant are expected to begin in July.

PEPPER TREES are not the only Upland trees that blow down in the wind. The above palm tree is shown being picked up by a city crane after a windy gust late Wednesday, March 27, cracked the trunk dropping the palm into Euclid Ave. between 13th and 14th Sts.

DAR Discusses American Indian

San Antonio Chapter, Daughters of the American Revolution held their regular meeting Monday, March 25 at the home of Mrs. Margaret Reichardt, of Ontario.

Guest speaker was Dr. Earl Riley, who told of what is being done for American Indians by the government and private organizations and individuals, a subject of particular interest to the Daughters of the American Revolution, who have a long record of concern for the Americas Indians.

Another speaker at this meeting was Mrs. Nelson Hull, Regent of Pomona Chapter, who reported on the recent California State Conference, DAR, in San Francisco.

Mrs. T. Melcia Lee assisted the hostess.

During the tea hour there was an informal celebration of San Antonio Chapter's fifty-third birthday.

'Women Around World' Themes AAUW Meeting

"Focusing on Women Around the World" will theme the April 3 general meeting of the Upland-Ontario Branch of the American Association of University Women, the meeting will be held at 8 p.m. in the Administration Building at Chaffey College.

Mrs. Fred Barrett, president, will conduct the business portion of the meeting. This will include the election of delegates to both the California State Convention to be held May 16, 17 and 18 at the Disneyland Hotel, in Anaheim and the National Convention to be held June 24-28 in Denver.

There will also be an election of branch officers. Those nominated by the nominating committee include: Mrs. Fred Barrett, president; Mrs. Wallace D. Randleman, recording secretary; Mrs. Willard E. Baier, corresponding secretary; and Mrs. Orville Myers assistant treasurer.

The International Relations Section will present the program with Mrs. Daniel Milliken in charge of arrangements. Featured speaker will be Dr. Pearl E. Clark, who has chosen 'Women Around the World" for her topic of discussion.

She has recently returned from a four month's trip around the world and colored slides of her tour will also highlight the program.

Dr. Clark is Second Vice-President and program chairman of the Upland-Ontario Branch of AAUW. She was Dean of Students at Chaffey College until her retirement last July. At present she is a part time teacher at Upland College—teaching in the Social Science Department.

Dr. Clark received her Bachelor of Arts and her Master of Arts from the University of Montana; and her Ph. D. from the University of Southern California.

An antique pedestaled bowl of pink-toned camellias will center the serving table. The prevailing spring motif will be enhanced with accents of pink 'n the tapers, mints and napkins. The white cake will be marked with miniature pink flowerettes.

Mrs. George L. Brannan is hostess-chairman in charge of appointments and assisting her will be Mrs. James C. Butler, Mrs. Fred Felsch, Mrs. Russell Barnum, Miss Corrine Z. Hedges, Mrs. Gerald C. Otto, Mrs. Thomas F. Purple and Mrs. Lester Scates.

* * *

At the recent board of directors meeting an announcement was made concerning the "named gift" given by the branch for Fellowships. The "named gift", a contribution of $500.00 presented in honor of Mrs. Esther H. Close, will be given to the International Endowment Fund.

Committee members chosen to determine which fund this gift should go were: Mrs. Close, Mrs. Marjorie Bundgard, fellowships chairman, Mrs. Robert Whitaker and Mrs. Donald E. Wamba.

The Upland-Ontario Branch of AAUW also contributed to the Chaffey High School A.F.S. and the Upland High School A.F.S.

* * *

CALENDAR OF EVENTS

Drama Section turns British this month. The two plays-in-one had successful runs in London and New York a few years ago. They have large and small roles for those who would like to join the reading. Hostess for the group will be Mrs. Jack J. Casson, Jr., 1216 No. Granite, Ontario, when they meet at 7:45 p.m. April 11.

The Bridge Section will meet at 7:30 p.m. Wednesday, April 3 at the home of Mrs. Fred Felsch, 88 Camellia Court. Co-hostesses will be Mrs. John E. Lloyd and Mrs. R. H. Crawford.

Meeting of the Board of Directors is slated for 7:30 p.m. Monday, April 22, in the Upland home of Mrs. Reardon Dight, 1578 No. Euclid Ave., Co-hostess will be Mrs. Gene Harper.

The Book Section meeting will be held Wednesday, April 24, at 7:30 p.m. at the home of Mrs. Justine Toothaker, 7508 Cerrito Rojo, Cucamonga. Assisting her as co-hostess will be Mrs. O. E. Snyder. Highlighting the meeting will be the review of a humorous novel given by Mrs. James C. Butler.

Rebekahs Select Three Delegates

An election was held at the March 22 meeting of the Silver Link Rebekahs of Upland.

Three delegates to represent the Upland lodge at the 1963 Annual Rebekah Assembly to be held at San Jose, May 19-24 were chosen. Those receiving commissions were Mrs. Homer Washburn, Mrs. Carl Reitz and Mrs. Hugh Lamphear.

Mrs. Washburn is the Recommended District Deputy President for this district 74 and Mrs. Reitz is Mileage Delegate.

Mrs. Delia Reagan was in charge of the dining room and refreshments which were done in a St. Patricks theme of green and white.

Former Upland Student Visits From Germany

The pleasures of student reunion were enjoyed the weekend of March 16-17 by former students at Upland College. Mr. and Mrs. Darrel Dawes, of Upland, entertained Mr. and Mrs. Adalbert Goertz of Frankfurt, Germany and presented them to the faculty and students at an open house on Sunday evening.

Mr. Goertz, a former student at Upland College, is now employed by the Bureau of Standards, Boulder, Colorado, as a researcher in radio propagation.

During the school year 1950-51 the guest was an exchange student through the Mennonite Central Committee. After leaving the local liberal arts college he returned to Germany and received his Master of Science degree at the University of Frankfurt, Germany.

He and his wife, Baerbel, have two children, Claudia (3 years) and Dirk (2 years).

Mr. Goertz was born in what is now East Germany. From his home in Koenigsburg he was drafted in the German army at the age of 15 years. While fleeing westward from the advancing Russian army he changed into civilian clothes and disappeared into the masses.

He commented that at the time the Germany people were persuaded that the Allies would be doing all they could to help return the German people to their homesteads. He noted that the West Germany of today cannot hope to seperate itself from the West, but must rely upon the friendship of the United States.

SPECIAL GUEST in Upland recently was Adalbert Goertz, center, of Frankfort, Germany. A former student of Upland College, he is shown talking over "old times" with former classmates, Dr. William Haldeman, left, Acting Dean of the liberal arts college, and Robert Pyke, right, assistant to the college business manager. Goertz is now with the Bureau of Standards in Boulder, Colo.

Cancer Station Marks Second Anniversary

The Upland Cancer Dressing Station marked its second anniversary on March 6. The Chairman, Mrs. Ted Crooke and her committee served a luncheon at the noon hour.

Invited guests included: Mrs. LeRoy Forkey, Area Chairman, from West Covina; Mrs. Hal Custer, Area Co-Chairman, Ontario, and Mrs. E. R. Coovert, Chairman of the Covina Station.

Mrs. Forkey spoke on the work being accomplished in the area and also gave instructions on the different kind of dressings to be made. She mentioned that the American Cancer Society could not keep in sufficient number of dressings to meet the demand.

To facilitate the working operations, an instrument for cutting cotton padding was recently presented to this station by the Old Baldy Shrine Club.

At the March meeting there were twenty-nine present to help with the work and fifty dozen dressings were completed.

The Upland Cancer Dressing Station meets regularly on the first Tuesday of the month at the Masonic Temple, 611 N. 3rd Avenue; hours 9:30 a.m. to 2:30 p.m.

At noon, time is given for a sack lunch, coffee furnished. Additional workers are welcome and needed.

For further information call Mrs. William Morrow, Yu. 22677 or Mrs. Harry Plum, Yu. 21740.

'Straw Hat" by Faberge Powder & Sets. Harris Pharmacy, 205 N. 2nd Ave., Upland (adv.)

Upland Woman's Club Program With Puppets

The Past Presidents of Upland Woman's Club will be honored at the regular luncheon meeting, at 12:30 Tuesday, April 9. The program will be given by Susan French and her puppets who will present "Persephone", an adaptation of the Greek Myth.

For several years Mrs. French and puppets travelled the school circuit with plays and variety acts. She is now at work on a project she has long wanted to do—a series of puppet productions based on the classic Greek Myths.

These stories from the cradle of Western civilization are suited to the amusing abilities of her puppets.

"Persephone" is an adaptation of the beautiful Greek myth of Spring and Winter. This story is an introduction to the Classic Myths. A part of the puppet cast includes, Flowers, that nod their heads, open their petals and speak; Man, who turns into a snake before your eyes; Cerberus, the dog with three heads and a great black horse with a sinister rider.

For her hand-puppet show "Persephone" Mrs. French's talents and professional skills have combined to produce a program with strong appeal for adults. The story is written, with humor. Sound effects are strikingly realistic, and there is skillful manipulation of the characters, as well as professional narration in this colorful and dramatic minature stage production.

Mrs. French was educated at Marlborough School for Girls, Los Angeles, the University of California at Berkeley and the American Academy of Dramatic Arts in New York. She was a professional actress before her marriage.

Later her free-lance artwork appeared in most of the national magazines. She has taught art and puppetry at the Hickory Ridge School, in Vermont, and is under contract for a book on construction of string puppets.

Susan French makes all of her puppets, both string and hand, costumes them and designs and constructs the theater and scenery.

Most of her plays are original. Some of her acts have been adapted from Shakespeare, musical comedy, and science fiction, and some have been plays for children. Several of her puppets have been seen on television—some especially created for that medium.

Rebekahs Greet New Member

The Silver Link Rebekahs of Upland met March 15 at the home of Mrs. Harvey McKeen. She was assisted by her house guest, Mrs. Maud Elliott.

Following the regular business meeting, cards and refreshments were enjoyed by the group. Mrs. Henry Post, a new member, was greeted.

Others present were Miss Deana Craig, Mmes. General Lee, Jerome Harter, Clifford Burge, Gladys Burg, Charls Dverts, Francis Mathewson, Laurietta Oyler, Pauline Quarles, Albert Smith, Walter Pattison and Lucille Johnson.

It Says Here...

By D. F. Lawrence
YU. 2-5038

It was wonderful meeting many new neighbors on two separate occasions this past week. The one obvious thing we had in common was the fact we are home-owners - and were all thinking along similar lines.

Many people I was with were friends of several years - the Wengers, John Diffenbaugh, Mary Frances Abbott, the Herbers, the Olsen's and so on. But it was good to meet the Gallo's, Jim Beard, the Ziccardi's, the Richert's, the Nicholson's and many in that category.

It's too bad that many of us do not make more of an effort to talk to those near us.

Much pleasure is yours for the taking.

*

Mrs. Doris Gray has been in San Antonio Hospital since last Friday. Before calling, check with the family as to visiting.

Nellis McNeill is also in the hospital - and he since January. His visitors must also call first.

* *

It's amazing what one will do for one's friends. Got trapped into saying "Yes" as a fill-in at a bridge table last week. Real glad I went, though, for now I can take my summer vacation vicariously.

You should hear the plans being made. For obvious reasons I cannot give you dates or distances - but when everyone gets back, you'll see what I mean.

* * *

Had a call from Nellie Craig who was so delighted to tell me that grandson, Craig McClean, has been accepted at the University of Southern California - and will be taking pre-med.

* * *

John McCallum and all the rest of the out-of-town students who come home for Easter vacation will be rounding the bend this week. That fact should put a sparkle in the eyes of those who feel like they are forever standing on the dock saying either "Goodbye" or "Hello".

* * *

Maggie and Les Kalil took an old-time empoyee of theirs to the harbor the other day to meet his nephew and his wife who are seeing the world by being an officer and the wireless operator on board a Danish frieghter. That's one way to do it. You save money, travel in style and retire while still young.

Speaking of Maggie - - - this year she has been the treasurer of the Mothers' Club of Brown Military Academy in Glendora. She speaks glowingly of the accomplishments in this very first year of its organization.

*

Mr. and Mrs. McFadden and their employees had a sad time last Friday. Mrs. Beatrice Gropp, a part-time employee, was planning on working Saturday when a phone call told of her very sudden death. Mrs. Gropp lived in Montclair and leaves her husband, a married son and a daughter. Many of you will remember her as "Bee".

*

For those of you who did not make the recent Assistance League "Bundle Coffee", let me urge you to go to the rummage sale. One of the patronesses has donated SOME I. Magnin hats - there is furniture - really beautiful clothes - the Assisteens have even brought items all starched and on hangers. WATCH FOR THE DATE!!!

AAUW Book Group To Meet

A meeting of the Books Group of the Pomona Valley American Asociation of University Women will be held at 2 p.m. Monday, April 8, at the home of Mrs. Clara Heylmun, 1841 Elaine St., Pomona.

Miss Pat Wills, Los Angeles County Librarian, will review Edgar Snow's "The Other Side of the River" and Mrs. Kimper Campbell's "Here I Raise Mine Ebenezer."

College Wives Treat Husbands

The Chaffey College Faculty Wives Club entertained their husbands with an evening at the theater on Friday, March 22.

The group attended the Chaffey College production of the Broadway musical "Finian's Rainbow".

Under the direction of Ralph Strane, Gordon Berger, William Blanchard and Shirley Nash Zanke, the cast gave the audience a delightful evening of story, songs and dances.

Following the play the Faculty Wives and their husbands enjoyed refreshments at the Upland Inn. Mrs. Edward Meyers of Pomona, and Mrs. Wesley Harmon of Upland, were chairmen for the evening event.

The committee members were Mmes. Robert Schesser, Harold Merchant, John Burnison, Elwood Chapman, all of Ontario, Myron Roberts and Homer Davis of Claremont and George Elser and Thomas Finnie of Upland.

TeVelde Selected For Alpha Zeta

Henry J. TeVelde of Upland, one of 15 top men students in agriculture at the University of California, Davis, has been selected for initiation into Alpha Zeta, national agricultural honorary fraternity.

TeVelde, the son of Mr. and Mrs. George TeVelde of 1693 N. Euclid Ave., Upland, is a sophomore majoring in preveterinary medicine at Davis.

He is a 1961 graduate of Upland Academy.

Alta Loma PTA Begins Work On New Budget

By Mrs. Wendell Walker

The first PTA Board meeting for the new fiscal year was held on March 26, at the home of Mrs. Millard Herr, President. She presented the new budget which will be brought before the local PTA at the next meeting for approval.

Mrs. Daniel Hamiel, Character Education Chairman, gave the thought for the day entitled "Experience."

Mr. Floyd Stork reported that by next year the Carnelian school will have seven classrooms ready for grades one through five. All kindergarten classes and grades six through eight will be at the present school. Approximately 400 children will go to the old school with about 200 attending the Carnelian school.

Six new teachers will be added to the staff. The dividing line will probably be Beryl Avenue. He pointed out that this is all in the planning stage and will have to be approved first by the School Board.

There will be a Magazine buffet luncheon at the Royal Tahitian in Ontario at 12:00 on Wednesday, April 24. The cost of the luncheon will be $2.00 each. All PTA members are invited to attend. Special recognition will be given to those boards who have subscribed 100% to either the National or State magazine.

The Foothill Council has been asked to supply cuddly toys for the Juvenile Hall for the month of October. Our Unit will be responsible for two of these. They are to be the permanent property of the child. To some of these children it may be their only personal property.

The next PTA meeting will be held on Thursday, April 4 when the Alta Loma Mother Singers will perform

Armand J. Pereyra, M.D. from the staff of the California Institute for Women will speak on "The Narcotics Problem." Hostess will be the room mothers of Mrs. Arias' and Mrs. Burke's classes.

NEW SON

Mr. an Mrs. Costas Prostitis of 179 S. Palm, Upland, are the parents of Christopher DePaul Prostitis, born March 7, at Kaiser Hospital, Fontana.

Workshop Coordinator Is Named

The Board of the Upland summer Creative Workshop for Children announces that Mrs. Darth Ivins, of Claremont will serve as co-ordinator of an integrated program of dance, art and drama for children of this area who have completed first, second and third grades.

The Creative workshop will begin Monday, June 24. A two week session, classes will be held daily from 9 a.m. to noon.

In addition to the integrated program directed by Mrs. Ivins, creative experiences in art, drama, folk dance and science will be offered to children from pre-school age through Jr. High.

Mrs. Ivins studied at Pomona College, Columbia University, Claremont Graduate School and the University of Southern Calif. She taught in the Pomona schools 11 years, studied dance with Gertrude Knight and has herself been a teacher of dance for eight years.

A demonstration of creative dance will be given by Mrs. Ivins for children and parents - with their participation - on Friday, April 5 from 7:30 to 8:30 p.m. at the Sycamore School, 228 West 8th St., Claremont.

Beginning April 20, Mrs. Ivins will conduct eight weeks of dance instruction each Saturday morning for children age four through thirteen.

These classes will be held at the Claremont Vista Del Valley school. Registration may be made by writing Mrs. Ivins 3260 North Grand, Claremont by April 5, or by calling Na 6-4421.

Further information about the Upland Summer Creative Workshop and advance registration may be obtained by calling Mrs. John Armstrong Jr., Yu 2-8532, Mrs. Edward Capparelli, Yu 2-0669, Mrs. Charles Miller, Yu 7-3260, Mrs. Robert Ring, Yu 2-0326, Mrs. Charles Newton, Yu 2-7735, Mrs. Wendall Harmon, Yu -1055 or Mrs. Monroe Weinbreger, Yu 2-8122.

Linda Thompson Weds March 24 In Claremont

Miss Linda Anne Thompson, daughter of the Harry Ward Thompsons of Upland and Mr. Kion Lorenzo Leeds, son of Mrs. L. L. Ledse of Los Angeles, were married in the beautiful McAlister Chapel Lounge on Sunday, March 24 at 2 p.m. by Chaplain Edgar C. Reckard of Claremont Colleges in a lovely double-ring ceremony.

A simple arrangement of candles in huge wrought iron candelabra, and philodendron

Mrs. Kion Leeds
nee Linda Thompson

in front of the tremendous modern fireplace combined with the unusual decor of the room to make a perfect setting for the wedding party.

Organ music included favorite selections from Bach, played by Miss Lee Higman of Pomona College Music Department.

Linda was gowned in a simply cut white satin brocade with bell skirt and wore her great grandmother Morrells pearl necklace. Her veil was three tiered and caught up at the back by a crown of stephanotis. She carried a bouquet of gardenias and stephanotis.

Mrs. Michael Porter, of Claremont, the Matron of Honor and Miss Sue Thompson, Maid of Honor, wore grey-blue satin brocade and carried bouquets of daffodils with blue iris intermingled. Circlets of pearls held their short matching veils.

Mr. Leeds was attended by Mr. Michael Porter, of Claremont, as best man. Michael Foster of Claremont and Dennis Thompson were ushers.

An informal reception at the Upland home of Dr. and Mrs. Kenneth Wilcox followed the ceremony and featured a three-tiered wedding cake encircled with gardenias.

After visiting with family and friends, the bride threw her bouquet and the wedding party left for the Thompson home where many packages were opened before the bride and groom left for their honeymoon.

The bride changed to a bone colored silk dress with matching full length coat and black accessories.

The newlyweds both graduated with honors from Pomona College and are now completing work on their Master of Arts degrees - he with a major in writing and she with an English Literature major.

They will live in Ithaca, N.Y. till July when Mr. Leeds, a 2nd Lt. in the Army must report for active duty to Ft. Benning, Georgia.

Among the affairs honoring Mr. and Mrs. Leeds the week previous to their marriage was a family dinner at Griswolds in Claremont on Monday evening with the grooms mother, Mrs. L. L. Leeds as hostess to the immediate families.

A second family dinner on Wednesday evening was held at the home of the brides aunt and uncle, Mr. and Mrs. James McDonald in Riverside with places set for 23 at one long, beautifully decorated table.

A white net heart center piece was flanked by four white wedding bells. The brides 90 year old great grandfather Morrell was present as well as a one year old nephew, Christopher McDonald, making a 90 year span between the eldest and the youngest.

Mr. and Mrs. Harry Thompson hosted the rehearsal buffet party at their home in Upland on Saturday evening.

The young couple caught a midnight flight to New York on March 30 to resume their studies.

New 1963 autos contain 10% more aluminum and five to 10% more plastics and zinc than 1962 models, Manufacturing Chemists' Association reports.

THE ROYALAIRES, quartet from Upland College, will entertain the Women's Association of the First Presbyterian Church of Upland at noon April 4. From left: Bill McLain, Eric Kalland, Don Frankson, and Tim Miller.

Presbyterian Women To Hear The Royalaires

'A Key to Easter Joy" will be the theme of the regular monthly meeting of the Women's Association of the First Presbyterian Church of Upland.

The luncheon meeting is to be held in the Hart Fellowship Hall at noon April 4, and will be presided over by Mrs. Alexander McLeish, president.

Mrs. Earl Johnson, music chairman will introduce the guest entertainers of the afternoon, The Royalaires Quartet from Upland College.

The Royalaires is composed of two juniors, one senior, and one post graduate student from the accredited, Christian liberal arts college.

Bill McLain, the top tenor, comes from Upland, while the second tenor, Eric Kalland, comes from Denver, Colorado.

The baritone of the four men is Tim Miller from Upland. The low man, the bass and leader, is Don Frankson of Upland.

The quartet will sing a number of familiar and new songs from their repertoire of hymns, gospel songs, and Negro spirituals.

The quartet has traveled over 30,000 miles in their last two years together and have presented programs in hundreds of churches as well as many church camps. They have been heard on radio and television and now have a record of their most popular songs.

They were featured artists on the International Mall at the Seattle's World's Fair this past summer.

Special guests of the afternoon will be Dr. and Mrs. Robert McLean. Dr. McLean was interim minister at the Upland Church from October 1960 through May 1961. He will give the devotions and has chosen as his topic 'What the Women Expected".

Circle six under the chairmanship of Mrs. Harvey Shirk will prepare and serve the luncheon.

Table decorations will carry out the Easter theme with Easter baskets, sugar eggs and spring flowers. Mrs. George Van Tubergen and her committee have made these decorations.

Two morning meetings will precede the luncheon meeting starting at 9:30 with the Prayer Group who will convene in the session room.

At 11:00 o'clock, the Rev. C. Richard Mitchell will continue with the Bible study group in the choir room. The book used for this study period is 'One People of God" by Lindell Linton Sawyers.

Elementary PTA Elects Officers

Dr. Ralph G. Eckert, noted educator from Riverside, spoke March 19 when Upland Elementary School PTA joined Upland Junior High for the March meeting.

Dr. Eckert spoke on "Sex Attitudes in the Home". The film "Human Growth" was shown.

He stressed the importance of children getting the right kind of sex education.

Mrs. Henry Brune, president, held a brief business meeting in the cafeteria.

The nominating committee read their report.

The following were elected for the ensuing year: Mrs. Henry Brune, president; Mrs. Lyle Graham, vice president; Mrs. Luther Hayden, secretary; Mrs. Richard Mitchell, treasurer; Mrs. Edward Cavanaugh, financial secretary; Mrs. Allan Bescoby, historian; Mr. Leon Kern, auditor; Mrs. John Bianco, parliamentarian.

Anyone interested in holding a chairmanship next year please contact Mrs. Brune at Yu 24524. Installation will be in May.

The PTA executive board will meet April 18 at the school at 9:30 a.m. Plans for Open House April 23 will be discussed.

O'Hanlon, Caldera Take Chaffey Sports Awards

A pair of freshmen, Rich O'Hanlon and Dick Caldera, walked away with a majority of the awards handed out at basketball - wrestling awards banquet which was held Monday night, March 1.

O'Hanlon, a versatile 6'2" guard-forward, was voted the most inspirational player by his Panther teammates as well as being the recipient of the most valuable player trophy. He was third high scorer on the team with 280 points and an 8.2 scoring average, but his best ability was displayed as a backcourt performer.

Caldera, unconquered in the 147-pound class during dual meet competition, was honored as the outstanding wrestler and team captain of the Chaffey mat squad.

Other awards accorded to the cage squad went to sophomore co-captains Dave O'Halloran and Brad Briggs, who also gained the free throw shooting trophy.

Lynn Klassert received a certificate for winning third team all-Eastern Conference honors.

Bill Sharman, head basketball coach at Los Angeles State College and former Boston Celtic standout was the featured speaker of the evening.

Panhellenic To Feature 2 Speakers

Two speakers will give the program at the April meeting of Chaffey District Panhellenic Society.

The organization will meet at 7:30 p.m. Thursday, April 4, at the home of Mrs. Willard Baier, 303 East Princeton, Ontario.

"Color in Your Everyday Life" is the topic to be discussed by Mrs. Curtis J Frank. Mrs. Howard F. Clark will talk on "India As We Saw It", giving impressions and showing slides of the trip she and Col. Clark took to India.

Mrs. Jane Crawford is program chairman, assisted by Mrs. Alan Swinier and Mrs. Dick Pehl.

Members of the hostess committee for the April meeting are Mrs. Fred Bissell, chairman; Mrs. Willis Kimbel, Mrs. George Yetter, Mrs. Charles Beeman, Mrs. Norman Edmonston, Mrs. C. M. Smalley and Mrs. Karl Kaiser.

Reservations may be made with Mrs. Richard Ashcraft, Mrs. C. M. Smalley or Miss Julia Ruff.

Junior Festival Presented By PV Music Teachers

The second annual Junior Bach-Baroque Festival was presented by the Pomona Valley Branch of the California Music Teachers Assn., Sunday, March 31, at the Lee Pattison Recital Hall, Scripps College at Claremont.

Local teachers presenting students are Mmes. Elladyce Bastian, Charles Jacobs, Margaret Matthews, Marion Maxwell, Zelpha Paine, Marjorie Pratt, Frank Reed, C. S. Stowell, Pauline Tweed, Harold Waters and Mr. Ralph Pierce.

Local students participating are: Marcia Waters, Linda Trunnell, Jill Alderfer, Donald Taylor, Betty Cowin, Margaret Urban, Jennifer Erickson, Joyce Dybsand, Melinda Nichols, Marcia Anderson, Leonard Kobrinsky, Sandy Cello, Steve Glencoe, Marjorie Tucker, Doris Curty, Lasandra Dickson, Chris Solocks and Sandra Dyer.

Six of Ten Chaffey College Candidates Answer Questions

(Editor's Note: Only six of the ten candidates running for a seat on the Chaffey College Board of Trustees answered the questions of this newspaper. Although some did not answer them specifically, general statements on their candidacy were issued. Seeking positions on the board are: Richard Barr, Jack Daum, Arthur Magnusson, Ralph Miller and Kenneth Wilcox, of Upland; John T. Hughes and Ivan Rebert of Fontana; H. Frank Penn and John P. Smallwood of Cucamonga; and George Vinnedge of Ontario. No answers were received from Daum, Hughes, Miller and Vinnedge. Biographical information on each candidate will appear in next week's issue.)

Richard Barr

Incumbent candidate of the Chaffey Junior College District, Richard S. Barr of Upland, has issued the following general statement on his candidacy.

* * *

I feel Chaffey College has an outstanding staff and an excellent curriculum in academic and vocational courses. The campus and curriculum have been planned to serve the entire district efficiently and economically.

If re-elected I will strive to maintain Chaffey's high academic record and as a former terminal vocational student I will work toward expanding and improving vocational courses at the college, keeping in mind the benefits and cost of such education to the entire district.

I do not seek the support of any particular group or faction and I will serve the entire Chaffey College District to the best of my ability as I have done in the past.

Arthur Magnusson

(1) Why should I be elected?

It was because of the numerous requests from friends and acquaintances in the community, and my own concern for my Alma Mater, that I felt committed to offer my services to the College Board, and because the realization that it was my obligation to my community, and to my children, to help in any way I could, to bring about the best standard of education through a program of sound fiscal responsibility, and improving the academic standards, and a better relationship and communications between the community and the College.

I have had no previous experience on a school board, but we all have to start somewhere, sometime — therefore I have no preconceived solutions to any problems or issues that might be, or develop.

As an Alumnus of Chaffey College, I am dedicated to the growth potential of this facility to the fullest. I am beholden to no one, or groups of any kind - my responsibility, if elected, would be to the citizens and taxpayers of the Chaffey College School District.

* *

(2) What changes should be made in the district as it is now operating?

I don't see a need for specific change. However, experience and time may point out shortcomings in district operation not obvious to me now.

* * *

(3) What is your stand and opinions on unification?

This is not applicable to the "Junior College Board", however. I am in favor of District unification as a means to tax savings, BUT it should be the choice of the people and not in the form of a mandate from the State capitol.

* * *

(4) What improvements in facilities should be made and how financed?

A Master plan for future development has been presented to the present Board for consideration. I have looked this plan over and find it a comprehensible document dealing with facility improvements within the capabilities of the Budget.

* * *

(5) What suggestions do you have for improvements in curriculum?

I consider the present college curriculum to be adequate. Here again, experience may point out inadequacies or weak areas. Curriculum at the college level is not a static item, and should be geared to move with technological advances.

H. Frank Penn

(1) Why should I be elected?

I am a candidate for the Chaffey College Board of Trustees because I believe I can make a worthwhile contribution to our college by helping to generate public interest in the needs and goals of the college.

* * *

(2) What changes should be made in the district as it is now operating?

There is much work to be done if we are to maintain the high standards that have been achieved, and we must continue to seek to fill the great need of our youth for higher education.

* * *

(4) What improvements in facilities should be made and how financed?

Present income should finance a program of continuing improvement in the college plant. Wherever possible I feel the Board should finance new programs on the basis that those of the community who most use a particular program bear the major share of the burden of financial support.

I feel the above can best be achieved by keeping the public well informed on the needs of the district as well as the services provided to the public. Failure to inform the public of the true nature of election proposals has resulted in the failure of passage of important past proposals.

Ivan Rebert

(1) Why should I be elected?

I was appointed to the college board in the spring of 1960. I believe that the experience I have gained in the operation of the college during this period would be beneficial to both the college and the community.

* * *

(2) What changes should be made in the district as it is now operating?

None.

* * *

(4) What improvements in facilities should be made and how financed?

The present staff and college board have developed a master plan which comprehends improvements needed to complete the campus to a level consistent with the original projection of student population. Improvements to be financed from current income.

* * *

(5) What suggestions do you have for improvements in curriculum?

Continued adjustments to and improvements in the curriculum is a function of the professional staff. It is the responsibility of the staff to establish, maintain, and adjust the curriculum to reflect advances in techniques and needs of the community. It is the responsibility of the Board of Trustees to insure staff efficiency in this area.

John Smallwood

(1) Why should I be elected?

I honestly believe that all of the men that are in this race are sincere and most are well qualified. I believe that the best candidate is the one that cares enough and is willing to devote the most effort and energy to the job—and I believe that I can do the best job in this respect.

Many of my friends ask why I even plan to run. They point out that I am attempting to get elected to a nonpaying job that will be very demanding of my time.

I feel very strongly about my decision to run—and to win. I have always been keenly interested in the education of our young people and I also feel that a person should serve his home community where possible. When several of my friends suggested that I should seek election to the Chaffey College Board, I agreed to run.

* * *

(2) What is my stand on unification?

In my opinion, unification is not an issue for the college board except as it effects the state master plan for education.

* * *

(3) What improvements in facilities should be made and how financed?

For the most part I believe that the facilities are adequate for the present student load. In my opinion, several areas can be improved and these include:

a. Books for Library - At the present time the Chaffey library contains approximately 20,000 books. This is about 10,000 books short of the recommended number for a junior college of comparable size.

b. Airconditioning is needed for all of the college buildings.

c. Additional study space is required in the library area.

d. Improvements need to be made in the Campus Center to rooms for special purposes.

Most of these new facilities are listed in the Master Plan for Future Development. Generally, this is a pretty well thought out report. I am a little skeptical about the requirements for some of the listed items but I do not have the facts necessary to dispute the need for them and will keep an open mind until I have studied the needs at greater length.

I believe that a strong Chaffey College will contribute to the growth of our area. As assessments increase, the revenue for the college will increase. Increasing the enrollment will also bring in additional state funding. I believe that means can be found to increase Chaffey's income and growth without resorting to additional taxes or bond issues at this time.

* * *

(4) What changes should be made in the district as it is now operating?

I believe that this question is less applicable to the college trustee than to high school boards, but there are some factors in this area that can effect Chaffey. At the present time Chaffey College is in a rather unique position of having facilities to handle more students. Students from independent districts need to be attracted and annexation of some of these districts should be explored.

* * *

(5) What suggestions do I have for improvements in curriculum?

The changing economic structure of our country and technological advances of our times render even the most modern curriculum obsolete in a few years. I believe that the curriculum should be carefully analyzed annually. Factors to be considered should include: national and regional economic conditions, technical and scientific advances, study of the "college-eligible" population of the district and all other factors effecting the educational needs of our community.

In addition to the questions that you have specifically requested, I believe that the Board of Trustees should continually investigate and analyze other matters such as:

—What can be done to reduce costs without sacrificing scholastic standing or educational value?

—Are there areas of understaffing or overstaffing?

—What can be done to raise teachers salaries?

—What is being done about re-education for workers who are being or will be soon replaced by automation?

—What can be done to strengthen the college's position as the cultural and educational center of our community?

—What can the college do to work with the labor and industrial leaders of the community to better serve the needs of this important segment of our community?

Generally speaking, Chaffey is a well run and administered school. In my opinion, much more can be done with energetic and dynamic leadership that can only stem from its Board of Trustees.

Kenneth Wilcox

Filing as a candidate for the Chaffey College Board of Trustees allows me an active positive entry into the fascinating field of politics and public service. Since actively engaging in high school and college politics I have looked forward to the stage in life when if elected I would have the maturity, time, and judgement to be a competent public servant.

Chaffey College is excellently staffed and administered. Her many graduates in our business and professional community attest to this fact. They transferred to many institutions of higher learning and found themselves competently prepared for the upper division university level. I understand this is not the case in all of our Junior Colleges.

Higher education in California is facing challenging and exciting times. Locally we can expect profound changes especially in population growth. Meeting these challenges, planning, studying, and acting with positive decision has great appeal to me.

My neighbors should know my views as regards the place of the Junior College in our system of education. Junior Colleges I feel, should primarily be concerned with preparing students for the junior year in a four year institution. While some non-transfer courses might and should still be continued, no new ones should be considered. The atmosphere on campus should be adult and academic.

Professors should be encouraged and expected to keep abreast of their field. By "encouraged" I imply departmental and administrative support, financial aid, and time away from teaching responsibility if warranted. A favorable academic climate should attract top teaching talent, and this area bodes to be highly competitive.

A dedicated professionally competent professor, happy in his chosen work, has in his hands the capacity to plant the seeds of future greatness in his students. These are the professors we want applying for positions at Chaffey College.

Our Junior Colleges can't be "all things to all people". Retraining people who have been automated out of employment, bringing back into the fold and completing the basic education of the high school dropout, further technical training of a non-academic (degree) nature I feel must be kept out of our Junior Colleges.

We must motivate our young people. The future Phi Beta Kappas must be challenged. we must provide for catching up the student who "missed the boat" in high school for any number of reasons other than a lack of basic intelligence to complete a Bachelors Degree.

My own academic training, a devotion to young people, their aims, ambitions and ideals, my ability to keep an open mind and ferret out facts, the willingness to learn and devote time to being a good Trustee merit your consideration at the polls.

Unification Suits By School Districts Challenged By State

Filing of a lawsuit challenging the constitutionality of California's school district unification program has brought a sharp warning from the Attorney General's Office to the complaining districts.

Dep. Atty. Gen. Richard L. Mayers warned all district attorneys or county counsels in the State that the validity of contracts between the 41 districts involved and the law firm representing them and the propriety of paying legal fees in connection with the suit have been questioned by several county counsels.

Mayers' letter also noted that his office, on behalf of Max Rafferty, state superintendent of schools, and the State Board of Education, who have been named defendants, is preparing to challenge the authority of the private attorneys to represent the plaintiff districts as well as the authority of the districts to spend public funds to pay the attorneys.

The suit was filed in San Francisco Superior Court Mar. 7 by Attorney Rodney Robertson as the result of activity by a Special Committee for Civil Action appointed by President Frederick Grundeman of the California Small School Districts Association.

Filing of the suit was to have been held off until 50 districts had contracted to become party to it, according to a letter from Robertson to Arthur Nevins, chairman of the special committee.

Each of the districts were to have shared in the legal costs up to $3,000 per district, payable at the rate of $1,000 per year for three years.

In a CTA 'action' interview, Robertson said he filed the suit earlier than planned because the client districts wished to proceed as the unification plan deadline "was closing in on them." He added that the figure 50 was "taken out of the air" as necessary to provide the funds to carry the case to the United States Supreme Court.

He said his law firm is not adhering rigidly to the fixed $3,000 fee and that some districts are paying as little as $50.

Asked if he had encountered any increased resistance in recruiting districts into the suit after it had been publicized in the CTA 'Action' and the general press in February, Robertson replied, "There was no resistance—we recruited nobody." At that time about 35 districts had agreed to join as plaintiffs.

He said four or five more districts have requested to join the suit since it was filed.

Robertson said the Attorney General will file a reply April 14 embodying Mayers' arguments and that the court should rule on the districts' competence to sue sometime in May. He said he looks for a decision on the validity of the contracts by June and a trial on the merits of the case in November or December, if it gets past the preliminary stages.

If the contracts between the districts and his law firm are ruled invalid, the firm will probably donate its services and proceed with the case, Robertson said.

Aim of the suit is to have the "Master Plan Statute," which requires all counties to submit school district reorganization plans by September, 1963, declared invalid or unconstitutional.

The plan came to light when Humboldt County Counsel Thomas M. Montgomery asked the Attorney General to rule on "the right of a school district to expend funds for employment of private counsel and public relations agencies ... to test the constitutionality and validity of the 'Master Plan Statute' ... "

His reference to "public relations agencies" was in connection with a reported plan to have a well-known San Francisco public relations firm conduct a statewide campaign against the unification law. This phase of the attack, to have cost $30,000, has since been denied by both Robertson and the public relations firm.

Scholarship Group Told

Members of the Chaffey College Chapter of Alpha Gamma Sigma, honorary scholarship society, have been announced by Professor Gerald E. Martin.

These students have earned at least 46 grade points and a 3.0 grade point average or better. At least 12 units exclusive of P.E. have been taken and no grade less than C received.

Students in this organization are: Margaret C. Anderson, Ontario; Steven D. Bice, Alta Loma; Roberta Brahm, Ontario; Charles Brandyberry, Corona; Diane Burch, Upland; Linda Casale, Cucamonga; Kennis Clark, Montclair; Lloyd M. Dearinure, Jr., Upland; Carolyn Earnest, Hemet; Patricia Ferguson, Fontana; Gary Freeland, Corona; Charles J. Fox, Jr., Upland; Margaret Gates, Claremont; Linda Glenn, Upland;

Mona Gordon, Fontana; Nancy Heeren, Fontana; Robert Terry Hoffman, Ontario; Nancy Hutchins, Chino; Sue Jackson, Norco; Kathleen James, Corona; Shirley Jeffery, Ontario; Vicki Kissick, Upland; Helga Laane, Claremont; Bonnie Mackenzie, Upland; Elfriede Mayor, Ontario; Janet Marie Murray, Alta Loma; Barbara Nieze, Fontana; Carolynn Olson, Ontario; Joseph Onder, Fontana; Robert Patzold, Ontario; Sharon Rickman, Fontana;

Chris Schneider, Cucamonga; Carolyn Smith, Corona; Michael Stenstrom, Ontario; Mary Surleta, Upland; Jan Swihart, Alta Loma, Michael F. Talley, Cucamonga; Linda Wandell, Ontario; Clive Warner, Upland; Darryl Webb Corona; Oeva Weijanen, Montclair; Dennis Westcot, Beaumont; Debby Wright, Upland; William R. Hoffman, Ontario; and Davis Wilkerson, Upland.

Meet your
GENERAL TELEPHONE COMMUNICATIONS CONSULTANT

Here's how he can help your business grow

A COMPLETE INTERCOM SYSTEM, enabling you to talk to any phone user on your premises, is easy to add to your present telephone facilities. This modern push-button telephone also has the built-in convenience of transferring incoming and outgoing calls in one compact unit.

One way is with push-button telephone service.

Push-button telephones can help *your* business grow by . . . *Reducing the number of lost calls • Getting things done faster • Minimizing work interruptions • Saving time and effort • Helping to avoid call-backs.*

It will pay you to review your complete communications setup with *your* Communications Consultant now. He is a highly trained expert with full knowledge of the most up-to-date methods of *business* communications.

His services are free . . . his time is yours.

Call *your* Communications Consultant today. He'll be glad to serve you—at your convenience. Just phone him at our Business Office.

JUDGE HENRY M. BUSCH, recently appointed to the San Bernardino Superior Court bench, was the honored guest of the Upland City Council and Planning Commission March 22 for a testimonial dinner. More than 50 persons attended to pay tribute to Judge Busch for his dedication to community activities. Master of Ceremonies was Upland Mayor Abner Haldeman who presented a testimonial along with State Senator Eugene Nisbet, Don Adams of the San Antonio Water Co., former Upland Mayor Donald Carr and Mrs. Zella Stone, representing the Business and Professional Women. Mayor Haldeman is shown presenting an Award of Merit to Judge Busch while Mrs. Busch looks on.

Auditorium For UHS May Be In 4 Years

Upland High School may have its auditorium within the next four years, and not have to wait for eight years as presently scheduled in the forthcoming high school bond issue.

A. Richard Allred, Trustee and candidate for reelection, told a public gathering in Ontario last week that he was most interested in obtaining the $384,048 auditorium for Upland because he lived in Upland, and because it would give Upland High School a complete plant.

He said, "It is possible, without delaying the building in Montclair and South Ontario," to construct the Upland auditorium if there is an increase in industry and the tax base is greater and funds are available, but only if this happens.

Mr. Allred said he had been looking at some of the "latest revised" figures for the high school district, and there was a "distinct possibility" that the increased tax base and increased industry would provide enough funds to step up the scheduled construction of the Upland auditorium.

The high school district has proposed a $10½ million, 9-year building program.

THE NEWS previously was told by the district that the Upland High School auditorium could not possibly be built sooner than at the tail end of the program because of the "desperate" continuing need for classroom space.

Allred's new statement indicates a possible change in figures and scheduling before the bond issue is even submitted to the voters May 28.

STATE DIRECTOR of Water Resources, William E. Warne, center, reported construction work on schedule March 30 to visitors to Oroville Dam including Richard Hall, left, of Upland, Manager of Chino Basin Municipal Water District, and Ray Ferguson, CBMWD and Metropolitan Water District director. Construction of the dam at Oroville on the Feather River is scheduled for completion in 1968. Water from the project will be transported to areas of need through 662 miles of canals, pipelines and tunnels.

SC Gas Pays Franchises

Southern Counties Gas Co. will this week pay the highest franchise payments in its 52-year history to eight Southland counties and 99 of their cities, according to H. T. Abbott, local manager of the utility.

The record franchise payment by the gas company totals $1,998,693, Abbott said. The figure is up more than $290,000 from the amount paid last year.

Of the total amount, $892,651.85 will go to Los Angeles County and 48 of its cities, while locally additional sums will go to San Bernardino County, Riverside County, and cities within their jurisdictions.

Payment to Los Angeles County will be $194,895.99, while the City of Los Angeles will have received $227,517.88.

Individual payments to other cities within the gas company's Eastern division, which serves this area, will be:

Pomona, $53,704.37; Azusa, $13,745.93; Baldwin Park, $19,167.35; Claremont, $11,981.76; Covina, $17,397.41; Glendora, $18,988.44; Industry, $5,666.84; Irwindale, $3,141.65; La Puente, $12,653.19; La Verne, $6,277.53; San Dimas, $7,837.78; Walnut, $1,769.95; and West Covina, $37,930.70.

San Bernardino County and four of its cities will receive payment as follows: County, Montclair, $13,016.79; Ontario, $36,659.03; and Upland, $16,891.43.

Those for San Bernardino County and its cities were up more than $15,000 from those made for 1961.

Franchise payments are made by investor-owned gas, electricity, and water utilities for the use of public streets and highways.

Adding the total franchise payments and property taxes paid by Southern Counties for 1962 gives a combined figure of nearly $8,918,000 which the gas company pays to counties and cities in which it serves gas or has property.

This combined total, Abbott pointed out, means that Southern Counties pays an average of $10.44 to local governments for each one of the more than 854,000 customers it was serving as of year-end 1962.

Klotz Articles In Catholic Encyclopedia

Dr. Edwin Klotz, professor of Spanish at Chaffey College has recently been notified that he has had severl articles accepted for publication by the Catholic Youth Encyclopedia.

The articles that Dr. Klotz has written involve Spanish and English history in the sixteenth century. These articles include three biographies and an article on the attack of England by the Apanish Armanda.

The biographies are about the lives of Charles the Fifth of Spain, Phillip the Second of Spain, and Catherine of Aragone, the first wife of Henry the Eighth of England.

Dr. Klotz feels that he is articles during his free time on weekends and was able to complete them in four weeks.

As to the difficulty of writing these articles, Dr. Klotz mentioned that he had to write for the 12 to 18 age group which involves writing in brief simple sentences. In addition, he also had to define his vocabulary as he went along and he had to be careful not to include too many foreign words in his articles.

Dr. Klotz feels that he is greatly honored to be able to contribute to this encyclopedia because as he states in his words "The encyclopedia is a work that will last for many generations."

Tax Facts On School Support

(Editor's Note: The following article was released by the California Teachers Association designed to clarify areas of possible misunderstanding concerning school support and Assembly Bill 888 pending before the State Legislature. School Districts are almost unanimous in their support of Assembly Bill 888).

I. COUNTY-WIDE TAX

The county-wide tax is not a new tax levied over and above the existing district tax. Rather, the county-wide tax merely takes the place of the first portion of the existing district tax levy.

The county-wide tax for school support provides for the levying of the first portion of exiting school district property taxes on a "county-wide" rather than individual district basis. The same rates, $.60 elementary and $.50 high school, are uniform throughout each county. The proceeds are evenly divided among the entire average daily attendance (a.d.a.) of each county.

Additional state funds are provided to guarantee $255 per elementary a.d.a. to each district and $345 per each high school a.d.a. to each district.

Under the uniform county-wide plan each school district makes the same tax effort and is guaranteed the same level of support. It provides a minimum guaranteed state and county support level or floor for all pupils.

The present district property taxes for school support are very inequitable with respect to both rates and yields.

Last year, property tax rates for school support varied state-wide from a $.28 low in one district to a $6.53 high in another. Ranges of 4 to 1 and 3 to 1 in school tax rates are found within many counties. For example, in 1961-62 school tax rates in Los Angeles County ranged from $1.82 to $6.53.

Last year, in Alameda County, general operating rates of unified districts varied from with the $1.65 rate, spent $1,102 on the education of each pupil. Alameda, with the $3.68 rate, spent $462 per pupil.

There is currently and frequently an INVERSE relationship between tax effort and program level. The county-wide tax will reduce such tax inequities.

There is a staggering variation in ability of California school districts to support their educational programs. At the elementary level, the wealthiest school district has 7,000 times as much taxable wealth per pupil as the poorest district. At the high school level, the range is 55 to 1.

The county-wide tax will partially remove the artificial barriers which separate children to be educated from taxable wealth, and permit some taxpayers to evade their fair share of school support. Other portions of Assembly Bill 888 will give property tax relief to overtaxes low wealth districts.

The county-wide tax will not reduce educational levels in wealthy school districts. It will only require the taxpayers in those districts to make a slight additional effort to support schools in most instances. In almost all cases, the total resultant tax effort in such districts will continue to be substantially below the state-wide average.

A county-wide plan for school support has been endorsed by the California Congress of Parents and Teachers, California School Boards Association, State Department of Education, State Board of Education, California Teachers Association, California Association of School Administrators, Governor Edmund Brown, Assembly Interim Committee on Education, and the following school finance experts from four distinguished universities:

Dr. Edgar Morphet - University of California, Berkeley
Dr. H. Thomas James - Stanford
Dr. Erick L. Lindman - UCLA
Dr. D. Lloyd Nelson - USC

II. THE STATE'S SHARE OF SCHOOL SUPPORT

The people of California last spoke directly on the subject of school operating support in the November, 1952 General Election when they approved a Constitutional Amendment increasing state school aid to $180 per preceding year's average daily attendance. This support level became available to school districts for the 1953 - 54 fiscal year During that "base year," school district general fund income was derived as follows:

47.5% state subventions
37.9% local district property taxes
4.6% miscellaneous income

By 1961-62 the proportions of local and state support had shifted dramatically as follows:

39.0% state subventions
55.7% local district property taxes
5.3% miscellaneous income

During this fiscal year, the state's share of school support will probably drop below the 37% mark. Although education is legally a statefunction —the state of California is now the minor shareholder in the enterprise.

Between 1953-54 and 1961-62, the state school fund was increased by only $21.36 per a.d.a. or less than 12%. In the same period, school district property tax contributions increased by $101.15 or 61.5%.

This massive shift of school support from the state general fund to the local property taxpayer has forced increases in local property taxes, increased the inequities in school support, and contributed to a reduction in equal minimum educational opportunities. School district property taxes have increased an average of 61% in the decade between 1951-52 and 1961-62

State taxes are obviously applied uniformly and equitably throughout the entire state. Everyone pays the same rate. Property taxes for school support are applied very inequitably with tremendous variations in rates and yields.

The low priority given to state support of the public schools on a per a.d.a. basis during the last decade has been obscured by the massive increases in aggregate dollars necessitated by our population explosion. The increase of 12% per a.d.a. in the state school fund over the last decade, or slightly more than 1% per year, should be used as a prime example of frugality in governmental appropriations.

With a State budget of over $1 550. All of these figures exclude capital outlay items.

It should be made crystal-clear that these comparisons are not designed to reflect unfavorably on these other needed state activities. They are designed to portray the low relative priority assigned by the state to the public school system.

V. STATE AND LOCAL PARTNERSHIP

The additive foundation programs for below-average wealth districts enable all such districts, regardless of per pupil wealth, to have the same level of educational support, provided they make an equal tax effort. It introduces for the first time in California school finance, the "reward for effort" principle.

This additive program also makes feasible "property tax relief" in overtaxed, low-wealth districts. For example, a $2,000 per a.d.a. assessed valuation elementary district must now levy a $2.15 tax rate to have a $325 program for each pupil. Under AB 888 $1.30 would be required for a $325 program. That is an $.85 potential tax saving.

A $4,000 assessed valuation per pupil elementary district is now required to levy a $2.50 rate in order to achieve a $355 program. Under AB 888, a $1.60 rate would produce the same educational support level.

1. We must reduce pupil-teacher ratios. California ranks 44th among the 50 states in pupil-teacher ratio. Comparable New York has a ratio of five pupils below California's. A low pupil-teacher $3 billion, the cost of AB 888 to the State Taxpayer is less than 4% of the total. Assembly Bill 888 provides for approximately $100,000,000 of additionratio is the most common characteristic of high quality educational programs.

5. Teachers must be relieved of time-consuming, non-professional, pupil-custodial and clerical duties through the employment of additional classified personnel. It is neither efficient nor economical to divert highly-skilled, professional personnel to perform non-professional tasks.

6. Ways and means must be found, most of which will be expensive, to reduce California's 25% rate of high school drop-outs. Our economic, political and social structure cannot constructively absorb a fourth of the population which is both uneducated and unskilled. A high percentage of the welfare and correctionaly dollar is spent on the unschooled, who also comprise the highest proportion of the chronically unemployed.

7. We must provide more and better school services on every educational level.

8. Educational investments promote economic growth. This has been recently dramatically demonstrated by the award of 41.3% of space and defense research and development contracts to this state. However, the renowned system of higher education, which attracted those contracts, cannot exist for long on a foundation of inadequately and inequitably supported elementary and high school education.

IV. WHERE DOES CALIFORNIA STAND IN PUBLIC SCHOOL SUPPORT?

The people of California need to re-examine the priority assigned to the financial support of our public elementary, secondary and junior college levels of education. We are 34th among the fifty states in the percentage of state and local reveneu sdevoted to public education. Thirty-three states give public education a higher priority in relationship to other governmental services.

In twenty-five states, public school systems receive a higher proportion of their revenue from their respective states than is the case in California.

New York and California are almost idential in per capita income and population. The latest available figures report New York expenditures per a.d.a. at $615 and California's at $472.

California was the only state in the nation to reduce state school support per a.d.a. last year.

During the past nine years, a.d.a. increased by some twenty-one dollars in California. According to data recently supplied to us by the Department of Finance, during the same period costs per inmate by the Department of Corrections jumped $596; the unit cost in our Youth Authority jumped by $1,078; and the unit cost in Mental Hygiene facilities increased by

KEEP KOOL KATS!

SIERRA Athletic Club, Inc., is now open, offering to residents of the Upland, Montclair, Claremont, and Ontario area the finest of recreational facilities at a minimum cost.

Thus Club, located at 1275 W. Foothill in Upland, may be enjoyed by its members who may join under the new monthly plan, or if you like, you may join for a full 12 months.

The Sierra Club offers you a variety of plans to fit your needs.

Sierra's facilities are the finest with large pool and beautiful tropical landscaping of the pool and patio area, with Clubhouse for social activities.

Play facilities for youngsters and grown-ups alike, volleyball, shuffle board, ping pong, paddle tennis, and basket ball are available, a tot-lot, play equipment, and pool.

Sierra offers the finest of diving equipment.

Tournaments are scheduled for each of these activities

and "The Fifty Miler Club" are under way and keeping the folks in "shape."

Competitive swimmers are working daily to achieve the goal of winning coveted trophies. Diving lessons also are available. For the beginner, swim lessons are in progress.

All this at a cost for less than the maintainance of a back yard pool!

If you have the curiosity of a cat you will COME to Sierra. INSPECT its facilities, be-

come one of its fine members, and PARTICIPATE in all its activities.

Only then will you realize that you are fortunate to live in a community that offers you the very finest in swimming and recreational facilities.

YOU'RE INVITED.
PLEASE COME.

CLIP OUT this column and bring it along--it entitles you to a day at Sierra-absolutely FREE and no obligation to enjoy one of your community's fine facilities.

Be our guest!

Or call NA. 4-2036 or YU. 2-7511.

School Denied

(Continued from Page 1)
right to establish a school and educate our children as we see fit. It will be operated by local people and local children will attend."

Lance told the commissioners that a first class school was planned and that an existing house on the property would remain as a natural barrier to the residential area.

"A playground including two ball diamonds is planned and we are glad to have the people of the area use the facilities," Lance said.

He referred to public schools of the area, specifically Sierra Vista and Magnolia School, that have been built in residential areas.

"We have not brought in a large body representing the school interests as influence. We believe that logic and good sense is not measured in decibels of volume," Lance concluded.

Leading the opposition of some 20 different voices was R. D. Fordham of 1686 N. Euclid Ave., who, in a letter to the commission, said:

1. The school would depreciate property values in the area.

2. The school and the recreation yard would be a nuisance with regard to noise.

3. That the location of the planned school would close First Ave. and deprive the neighborhood of their only sewer outlet.

Fordham also said that a purchaser cancelled his agreement when he found out about the proposed school. The new home is located 20 feet from the planned schoolyard.

Other comments of home owners of the area included:

George Werner, who lives just north of the school property: "I would sell if the school is built there. An appraiser cut ten per cent on the amount of a loan because of the school."

Doyle Alexander, 2300 N. Euclid: "I'll speak up so the commission won't rezone up my way later. The Planning Commission has in the past wisely kept schools off Euclid. The public school sites were purchased years ago."

Michael Alex, Ocean View Dr.: It was mentioned that the school would be enlarged to 200 students . . . 200 students in less than four acres. You can't stop children from crossing in the middle of the block, and it would be difficult to stop accidents."

Jack Brewer, 1584 N. Euclid: "We have plenty of accidents now at 16th and Euclid. Many persons have used my phone to call the police or ambulance."

Bradley Jacobs: "If people are to continue to rely on the integrity of the Planning Commission, the school plans would be turned down."

Mrs. Dorothy Lawrence: "Homes in the $15,000 bracket are enhanced by a school in the area. It's not good for property values when a school is built in the neighborhood of $35,000 homes."

POLICE CHIEF for a day was Terry Bales, Upland High School senior, left, shown routine matters by Upland Police Chief John Wessely. "Student Run the City" day was held Friday, March 30, after seniors were elected to fill city posts. Students accompanied their counterpart officials on a tour of duty, were hosted for luncheon by the Upland Rotary Club and "took over" city functions in the afternoon. Gus Rischer and Paul Chapman supervised the venture with John Gilliland, ASB president, directing the action on campus and at City Hall.

Revision Of By-Laws Due For Chamber

Approval of the revision of the by-laws is on the immediate agenda of the Upland Chamber of Commerce, according to reports at the organization's regular monthly meeting Tuesday.

Mrs. Zella Stone, chairman of the by-laws committee, told the Board of Directors that copies of the revised by-laws would be in the mail within the next few days.

Revisions will include the new "fair share" dues structure and changing to a fiscal year to correspond with the city's.

Serving on the by-laws committee with Mrs. Stone are Richard Hield and Past-president Russ Hazen.

A guest at the board meeting, William Seineke with Kaiser Steel Community Relations, urged the Chamber to publicize and support the various cultural activities of the area to help build the community.

"There are many areas of music and the fine arts which take place all around us which will help influence many persons in selecting Upland as their home," Seineke said.

Directors indicated that a committee would likely be designated in the immediate future to explore the cultural aspects of the community.

Director Ted Lyman was appointed to make arrangements to bring the city map up to date and have copies printed. A revised map, showing new streets and areas of the city, will be printed for distribution by the Chamber.

Directors also tabled a suggestion from the Montclair Chamber of Commerce that it oppose the recently established Pomona-Ontario Valley Economic Development Council. The Montclair Chamber sent along a suggested resolution for the approval of the Upland group. Directors will take action after further investigation.

The board also discussed the current drive for members which has resulted in encouraging action by business people contacted.

The new dues structure is based on a self-appraisal program whereby members will contribute according to volume of business, number of employees and floor space.

Name Stadler Valedictorian; Arner, Chalberg Honored

Edward A. Stadler, president of the senior class and varsity football captain, was named valedictorian of Upland High School graduating class of 1963. He also was chosen as Outstanding Boy.

Margaret L. Arner is salutatorian, and Connie M. Chalberg is Outstanding Girl.

Principal Thomas M. Glasheen heads the selection panel each year for Outstanding Boy and Girl. All members are sworn to secrecy and the panel consists of students, teachers, and administrators.

The criteria for selection are leadership, scholarship, extra-curricular activities, service to school and community, popularity and citizenship.

Stadler is the son of Mr. and Mrs. George E. Stadler, 1345 Second Ave., Upland. He is a Gold Seal Bearer and life member of the California Scholarship Federation. He was freshman class president, sophomore legislative council representative, junior executive council advertising manager for the Associated Student Body, and president of the senior class.

He was chosen Boys State representative in his junior year, and attended the Colorado School of Mines last summer under a grant from the National Science Foundation. He is a four-year letterman in football, and lettered in baseball, track, and wrestling.

Margaret Arner is the daughter of Mr. and Mrs. Rodney Arner, 8307 Tapia Via, Cucamonga. She is a Gold Seal Bearer and life member in the California Scholarship Federation. She was a finalist in the National Merit Foundation competition.

She is a member of the Damarians Tri-Hi-Y, the French Club, and the Girls Athletic Association. She participated in the Junior Class Play, and in the District Music Festival in her junior year.

Connie Chalberg is the daughter of Mr. and Mrs. F. W. Chalberg, 1214 N. Laurel Ave., Upland. She is a life member and a Gold Seal Bearer in the California Scholarship Federation.

Her school activities during her four years at Upland High School include freshman class secretary, legislative council representative, Tri-Hi-Y member, Girls Athletic Association, Speech Club, and was elected Associated Student Body Pep Commissioner for her senior year, organizing the Pep Clans, and activities boosting school athletics.

She won third place in the Spanish Roundtable competition at Redlands in her freshman year. She was selected Girls' State representative in her junior, and was awarded a letter of commendation from the National Merit Foundation in her senior year. She is also a key member of the American Field Service.

BUNDLES for Save the Children Federation were collected last week at Upland High School by the Girls' League. Checking some of the contributions prior to shipping to Knoxville, Tenn. are, left to right: Marsha Hunt, Jean McCallum, Girls' League President, and Leah Osborne, chairman of the drive. The campaign netted 480 lbs. of clothing for needy children of the United States and foreign countries. Miss Marjorie Pleasant and Miss Florence Armstrong were sponsors.

Novice Swim Tourney Set

Novice swimmers may enter the 1st Invitational Novice Swim Competition to be held June 8.

All swimmers without AAU cards may phone the Sierra Athletic Club, YU. 2-7511 or NA. 4-2036 to enter.

Novices also may contact any of the other swim clubs to enter, including Pomona Swim School, Highlands Swim School or Swim Art Swim School or Bainbridge Swim Club, all at West Covina. The Sierra Club is chairman of the committee.

These clubs, plus others, will comprise the new California Novice Swim League this year.

'It's always the henpecked husband who crows loudest away from home."—Ray S. Francis, Cherryvale (Kans.) Republican.

Committee Endorses Eleven Candidates

A committee of the Parents for Responsible Education met at an Upland home March 26 and endorsed 11 candidates running for local school board posts.

Judges on the committee, a 13-member cross-section of West End citizens, selected candidates on the basis of qualifications, education, philosophy, consistency, performance in the community, and replies to a 32-point questionnaire sent each candidate earlier.

At the end of the Tuesday night meeting, the committee voted by secret ballot to actively support these candidates, followed by their respective school districts:

Jack Daum, Arthur (Bill) Magnusson, Jr. and Richard Larr, Chaffey College; Richard Allred, Paul Cushing and Elinore Carlson, Chaffey High; David MacAlpine and Richard (Ric) Pearson, Ontario School District; Bruce Hettle and Reynold MacDonald, Cucamonga Central; and, Ray (Bill) Houtz, Alta Loma.

The Parents for Responsible Education, an outgrowth of the Parents for Rafferty Committee of the West End, will back candidates with newspaper advertisements, promotion by precinct workers and telephone campaigning.

The local Rafferty organization comprised 600 persons from Upland, Montclair, Ontario, Cucamonga, Alta Loma, Guasti, Mt. Baldy and Chino.

Mrs. Kenneth C. Brooks of 1414 Francis Ave., Upland, is chairman of the Parents for Responsible Education. The judging committee met at her home.

The group sent a 32-point questionnaire to each school board candidate in the West End, requesting a reply by March 25 so that a judging committee could evaluate the answers.

When the committee met, replies had not been received from George W. Vinnedge, John P. Smallwood and John T. Hughes (Chaffey College district); Floyd G. Allen (Upland); Andrew Barmakian, David Gardner, Mrs. Anita Olson and Owen K. Skousen (Mt. Baldy); Dr. George A. Chalfant and Mrs. Elisabeth P. Farris (Alta Loma); Silas Carl Harvey and Mrs. Jane Naisbitt (Cucamonga Central); Robert L. Morsea and Mrs. Marian G. Pickering (Cucamonga); and, Paul E. Murray (Etiwanda).

Replies from Jerry L. De Diemar (Chaffey High) and Kenneth J. Laughlin (Cucamonga Central) were received March 29, while one from Harvey West (Central) had arrived March 27.

Mrs. Brooks said that only candidates answering the questionnaire had been considered by the judging committee.

In some cases, the committee did not endorse any candidate to fill a board post. "We selected the best people only, and did not feel our group should compromise our principles," Mrs. Brooks explained.

"We believe in local control, fiscal responsibility, basic and fundamental curriculum and dedication to the national purpose," she said. "These are the principles Dr. Rafferty stands for, and we want to get people on local school boards who believe in the same principles."

In addition, Mrs. Brooks said replies provided by the candidates had been considered for sound judgement.

The questionnaire asked candidates for information on their background, affiliations, and views regarding various aspects of the school system.

Its asks for opinions on matters such as loyalty oaths, federal aid to education, "Frivolous" courses, federal control of schools, merit pay for teachers, school unification, and homework assignments.

Judges on the selection committee included Upland Councilman James Christianson, Montclair councilman Richard Benner, Earle S. Blakeslee, Garland Rogers, Mrs. Georgianna Eichyle and Anthony Navarro.

Also, David Hopley, Charles Martini, William Norris, Morton Hull, Jay Forrester, Mrs. George R. Wallin and Mrs. Brooks.

Persons interested in working with the Parents for Responsible Education are requested to contact Mrs. Brooks at YUkon 268-24.

Women Voters Organization Meet April 6

League of Women Voters members will render several decisions affecting their future progress at the Annual Meeting Saturday, April 6, at the Jade Palace.

Prime among these will be the pending By-Law, changing the organization from the Chino League of Women Voters to the League of Women Voters of West San Bernardino County. The California State Board has recommended this action following the enthusiastic and well organized formation of two Upland and Ontario Units of the Chino League.

Ratification of the By-Law change will create the first Area League in San Bernardino county.

Mrs. Richard Miller, retiring President of the Chino LWV will preside and business will also include election of officers, consideration of the 63-64 budget, selection of a "Local Program Item" for study, and election of a nominating committee for the coming year.

Mrs. William Arnitz, Finance Chairman will report on the recent educational and finance drive.

Following luncheon members and guests will have a bit of fun viewing two original presentations depicting the historical and governmental development of Upland, Ontario and Chino.

Reservations may be made by calling Mrs. H. T. Pederson, YUkon 4-8403.

Chaffey College Board Hopefuls At Public Meet

Chaffey College District voters can acquaint themselves with the ten candidates for the College Board of Trustees at a public meeting to be held at 7:30 p.m., Monday, April 8, in the Upland High School Cafetorium.

The meeting is sponsored by the League of Women Voters under the general chairmanship of Mrs. John G. Ernsberger of Chino. Mrs. Jarrett Lake of Pomona will serve as moderator for the forum.

Each candidate will be allotted three minutes for a statement, after which the audience will be permitted to submit questions to the prospective board members.

Zone Changes

(Continued from page 1)
are very slow. As we get down to the 7,500 sq. ft. lots, property sells easier. A person is entitled to make money on his investments and the trend is to smaller lots.

"Sure we have more people in an area of smaller lots," Kistinger said, "and all problems of Upland is people, but it would be discriminatory not to allow R-1-D north of Foothill."

Dewey Cable, owner of Cable Airport, a half mile west spoke against the zone change.

"This should be commercial," Cable said, "it's getting closer to the airport and as families move in we're going to have trouble."

Two others in the audience spoke against the zone change and two in favor of the application.

Christensen moved for denial of the appeal, but he was oted down 3-2. Hawkins siding with Christensen.

Kistinger moved for approval and the zone change was approved 3-2.

The next zone change, also on appeal, was for 10 acres at the northeast corner of San Antonio and 16th St. petitioned by T & T Construction Co. The firm was seeking a change from 15,000 to 10,000 sq. ft. residential lots.

The Planning Commission had denied the application because there was "no reason for an R-1-C zone to break up an R-1-B area and it does not conform to the Master Plan."

Tony Storty, owner of the property, told the Council that it was impossible to interest builders or banks to come in on 15,000 sq. ft. lots and it is "a gross misuse of land."

Councilman Kistinger said the Master Plan showed R-1-B, but it is elastic and perhaps a zone should be made somewhere between the 15 and 10,000 sq. ft. lots.

Councilman Hawkins moved to uphold the Planning Commission and deny the request. The motion carried by a 4-1 against.

The final vote split came on property located at the northwest corner of Mountain and 14th. Owner Mike Kelber was seeking a change from A-1 to R-1-D.

Said Kelber: "The area south and north of this property is already zoned R-1-D. I'm not attempting to blackjack th council, only requesting a zone change."

The Planning Commission had approved the application, but Christensen reiterated his objections to R-1-D zoning north of Foothill.

The zone change was approved 3-2 with Christensen and Hawkins against.

The council also approved unanimously:

—5 acres located at the south side of 14th St., 1200 feet east of Mountain from A-1 to R-1-C.

—13 acres on the south side of 11th St., 1000 ft. east of Benson from A-2 to R-1-D.

—one acre on the west side of Campus, 300 ft. north of 11th from R-1-D to R-3.

—44 lots at the southeast corner of Mountain and 11th St. split betwen R-3 and R-1-D.

—a narrow strip bordering the west side of the west Cucamonga Channel, 200 ft. north of Foothill from R-1-D to C-4.

—granted a conditional use permit to establish a convalescent home within a C-P zone at the north side of 11th St., 600 feet east of Campus.

NOTICE OF TRUSTEE'S SALE

No. TDF 1236(365271)

On Wednesday, April 17, 1963 at 10:00 o'clock A.M. at the front entrance of the office of the Security Title Insurance Company, 480 West Court Street, in the City of San Bernardino, State of California, SECURITY TITLE INSURANCE COMPANY, as trustee under the Deed of Trust executed by James C. Coleman, a married man, and Jack L. Upland Hosts 15-Team Meet

Upland High School hosted its biggest and best swimming meet in the school's history last Saturday as 15 southland swimming teams competed for honors in three classifications.

In the varsity division Arcadia surprised no one when its swimmers garnered the first place trophy. The Highlanders were fourth as Glendora and Claremont surpassed Coach Jim Stewart's swimmers point total.

Glendora edged Fontana by three points to win the Class Bee title, and Chaffey surpassed runner-up Upland for Cee class honors.

Twenty-one of 29 records fell, but one record outshone all the rest. The outstanding performance was the work of Azusa's Bill Powers who was clocked in an unbelievable time of 1:02.9 for the 100 yard breastroke. That mark is only tenths of a second off the national high school record in that event and betters any California mark.

Also brilliant were touted Bob Hopper of Arcadia who won the 100 yd butterfly; Fontana's Lou Mathe who won the 50 yd freestyle and then upset Jim Seubold of Claremont to win the 100 yd freestyle; and Bob Manning who won top points for Arcadia in the 200 yd individual medley and 400 yd freestyle.

Jack Likins led the Highlanders effort winning a second in the 200 yd freestyle and a third in the 100 yd freestyle. Cory Aylor and Rick Strack also contributed with a fourth and a fifth respectively.

Coach Stewart's youngsters edged Redlands for a second in the 200 yd freestyle relay to complete the scoring.

Dick Martin garnered a second in the individual medley and third in the 100 yd freestyle to lead the UHS lightweights. Don Shattuck and while Mitchell Pomeroy scored a third for Coach Stewarts Cees.

The Highland swimmers continue action this Thursday when they meet Claremont at Claremont. In one previous meet with the Wolfpack, the hometown swimmers squeeked a victory by five points winning the last relay. In their own waters the Claremont swimmers could defeat the Highlanders and gain a share of the Tri-County League title.

Upland's Bee and Cee teams will also be fighting for their division TCL championship.

SHIRLEY JONES is amused at Glenn Ford's cautionary finger in a scene from MGM's "The Courtship of Eddie's Father", heart-warming drama of a boy who tries to find a new wife for his widowed father. The picture co-stars Stella Stevens, Dina Merrill, Roberta Sherwood and young Ronny Howard. The color picture may be seen at the Grove Theater in Upland April 3-9.

UHS Defeats Montclair

Thanks to a last inning home run from the bat of Ken Shattuck, the Upland High School baseballers remain just one pace behind the Tri-County League leaders, Chino, as they defeated Montclair 3-2 Friday.

With two outs in the last of the seventh inning, Brian Campbell drew a walk for Coach Bill Wolfe's defending champs, and then Shattuck sent the first pitch over the right field fence in Memorial Park to give Upland the victory.

Ken Hawkins held the Cavaliers scoreless until the top of the seventh when two unearned runs crossed the plate. Until that time the Highlanders were coasting along with a 1-0 lead gained in the third inning when Rollie Fingers smashed a booming 362 ft. home run.

Upland met Eisenhower yesterday, and the Highlanders will meet Claremont this Friday before starting second round action in two weeks.

Upland has only one loss to Chino so far and will have to defeat the Cowboys when they clash again to keep Upland's TCL title.

Commission Previews School Sites

The Upland Planning Commission gave preliminary review to four proposed school sites for the Upland School District at the March 28 meeting.

Vern Orum, assistant superintendent of the district, told the commission that tentative approval was needed on the sites so that the district could apply for funds from the State Department of Education and the Department of Finance.

Locations of the sites are:

1. On the north side of 18th St. between San Antonio and Mountain.
2. On the north side of 14th St. between San Antonio and Mountain.
3. On the north side of 22nd St. between Euclid and San Antonio.
4. On the north side of 22nd St. between Euclid and Campus.

Commissioners gave tentative approval of the sites which conform to the city's Master Plan. Each site is 10 acres.

* * *

The commission also considered initiation of a zone change in conjunction with a proposed annexation of 50 acres 1100 feet west of Mountain Ave.

The property, controlled by Del Hensley, is planned for annexation to the city as an R-1-D zone.

The Planning Commission, however, did not stipulate a particular zone and worded the annexation initiation "designate such other zone as may be appropriate."

Obituaries

Bertha Avery

Mrs. Bertha M. Avery, 6879 Hermosa Ave., Alta Loma, died March 22 in an Ontario Sanitarium following an illness of six weeks. She was 89.

Born June 30, 1873 in South Lubec, Maine, Mrs. Avery had lived in California for 41 years. She came to Alta Loma four years ago from Long Beach.

She is survived by two daughters, Mrs. Arthur Capen of Alta Loma and Mrs. Sarah Capen of Los Angeles; one son, George Avery of Rickland, Maine; two grandchildren, seven great-grandchildren.

Graveside services were held at Forest Lawn Memorial Park March 25 with Rev. Claude E. Love, pastor of Cucamonga Community Church officiating.

Stone Funeral Home had charge of arrangements.

Anne Butler

Mrs. Anne J. Butler, 367 Orchard Lane, Upland, died suddenly March 23 at San Antonio Community Hospital. She was 41.

Born Nov. 20, 1921, in Elwood City, Pa., Mrs. Butler came to Upland 2½ years ago from Coppars Cove, Texas.

She is survived by her husband, Charles A. Butler of Upland; her mother, Mrs. Jennie Macloge of Ontario; four daughters, Cheryl, Toni, Carla and Joneva, and one son, Billy, all at home; one sister, Mr. Nancy Oddi of Ontario; and seven brothers, Rudolph Macloge of Ontario; William of Upland, Frank of Adrian, Mich., Orla, Sammy, Tony and Harry Macloge, all of Elwood City, Pa.

Rosary was said March 26 at Draper Chapel in Ontario and the funeral services were held March 27 at St. Joseph's Catholic Church. Interment was in Bellevue Cemetery.

Anna Ward

Mrs. Anna M. Ward, 658 E. 11th St., Upland, died March 23 at Ontario Community Hospital following a long illness. She was 82.

Born Nov. 6, 1880 in Attica, Kansas, Mrs. Ward came to California in 1946 and has resided in Upland since that time.

She is survived by her husband, Cameron M. Ward of Upland; one daughter, Mrs. Geneva Irwin of Van Nuys; four sons, Robert of Illinois, Sumner of Massachusetts, Troy of Washington and Donald in England; one sister, Mrs. Grace Smith of Oklahoma; and numerous grandchildren.

Funeral services were held March 26 in Draper Chapel with Kenneth Spieth of Pomona officiating. Entombment was in Bellevue Mausoleum.

Hattie Edwards

Mrs. Hattie Edwards, 311 N. 10th Ave., Upland, died March 23 in an Ontario Sanitarium following illness since last November. She was 100 years old.

Born June 21, 1862 in Madison, Wis., Mrs. Edwards had lived in California for 5½ years coming from South Dakota. She was a resident of Upland for five years.

She is survived by two daughters, Mrs. Bert King of Ontario and Mrs. Zella Grant of Upland; one son, Cecil Edwards of Brownedale, Minn.; eight grandchildren, 23 great-grandchildren and 17 great-great-grandchildren.

Funeral services were held March 26 at Stone Funeral Home with Rev. Fred F. Thronburg, minister of visitations First Methodist ing. Interment was in Bellevue Cemetery.

UHS Linguists Take 5 Firsts

Young linguists from Upland High School successfully competed with students from 42 schools in the Language Field Day at San Bernardino College last week. Joining 2,200 other students, the group competed in French and German categories, winning five "firsts."

Bruce Zimmorman won first place in reading comprehension, French 3-4. Holly Simpson, first place, French 1-2 roundtable. Gayle Files first place, French 1-2 picture - scription.

The team of Jean Alderfer and Gary Desilets won first place in German 3-4 password. Malcolm Lewis, first place German 3-4 picture description.

Other UHS winners were: Diane Kirkland, second place in reading comprehension, French 3-4. Charlotte Steendham, second place in roundtable, French 3-4.

Cindy Beiseker, and Kathy McGowan second place in oral comprehension, French 1-2. Don Thompson, second place in identification, German 1-2 and second place in reading comprehension, German 1-2.

Reaching the finals were Sally Little, Chris Kowalski, and Leonard Maxwell.

Joseph Jennings and Lorenzo Gonzales, instructors, made arrangements for the trip, and attended the event.

AN EDITORIAL

Stop the Diversion of School Funds

Remember Proposition 1A on the ballot last November, by which voters of California approved issuing $270 million worth of state bonds, most of it for educational construction purposes?

Money for education and construction of school buildings is hard to come by. But there's an attempt in Sacramento to divert huge sums of school money into other things.

Assembly Constitutional Amendment No. 9 by Milton Marks of San Francisco and Senate Constitutional Amendment No. 9 by Virgil O'Sullivan of Williams, would abolish the State's School Land Fund.

There is $20 million in that fund now, and No. 9 would spend it elsewhere, not for schools. The Assembly Ways and Means Committee gave No. 9 a "do pass" recommendation Monday, March 25.

In another blow at education Edwin Z'berg of Sacramento introduced two bills, AB 584 and 585, which would authorize using $13,300,000 of School Land Fund assets for the purchase of parking lots and state buildings.

Z'Berg tried to hide the truth of the diversion of school money by including provisions in his bills for the repayment of the money, with interest. But where the money will be repayed is not to the school fund, but to the State's General Fund, where it will be lost to the schools forever.

With one hand the legislature asked the voters to approve bonds for educational purposes, and with the other sneaking school money out the back door for other purposes.

All school money, from school bond issues and school lands should go to the schools, not to some legislator's pet projects. Let's inform our legislators on that score.

What Makes A Good School Board Member ?

What does it take to be a successful member of a board of education?

The Beta Xi chapter of Phi Delta Kappa education fraternity has spent the past eight months studying this question.

Phi Delta Kappa is a national fraternity of men working for the promotion and improvement of free public education through a continuing interpretation of the ideals of research, service and leadership. The Beta Xi chapter is composed of educators from San Bernardino and Riverside Counties.

With over 1600 school districts in the state, 59 in San Bernardino County, and with board elections to these districts drawing near, the question of what makes a good board member is a significant one for the voter to ponder. For it is the voter, by the use of his vote, or his apathy in not voting, who determines the kind of education that will be offered in the schools of the community.

Boards of education have greater power — what the board says goes, what the board wills is done.

Dedicated, informed, sincere board members can bring great service to their community. Biased, self-interested board members with an ideology to sell, or a special group to serve, can do irreparable harm to the community.

The California Education Code prescribes that school board elections be held biannually on the third Tuesday in April of each succeeding odd-numbered year to fill the offices of members whose term expires on June 30 following the election. Each selected member serves a term of four years, starting with July 1 following his election.

The code also directs that the size of the board wil be determined by the size and nature of the school district. Membership ranges from 3, 5 to 7 member boards.

Who can be a board member?

The code is explicit:

"Any person, regardless of sex, who is 21 years of age or older, a citizen of the state, a resident of the school district, a registered voter, and who is not disqualified by the Consitution or laws of the state from holding civil office, is eligible to be elected or appointed a member of a governing board of a school district."

What about the ideal board member?

The commission for projects of the Beta Xi chapter have sketched an ideal board member who looks and acts something like this:

He is a man of high personal integrity who believes strongly in public education, feels that he was chosen to represent all the citizens of his community and not any particular social, religious, or political group. He is mentally and physically sound, is willing to devote much of his time to studying the problems of his school district, the problems of teachers, the psychological aspects of how learning takes place, and the important discoveries of educational research.

He is open-minded, objective, tolerant, cooperative, and capable of working smoothly in a group. He can take reverses, such as being voted down, without undue strain on his digestive tract, or noticable changes in his blood pressure.

He likes children and is willing to put in four years of study, deliberation, and criticism ... without pay.

Kaiser To Add Hearth Furnace

Kaiser Steel will add another open hearth furnace to steelmaking operations at its Fontana plant this week.

This will put five of nine open hearths on the line and one of three oxygen furnaces, bringing plant operations to their highest level since last May, according to Barney Dagan, vice-president of operations.

Addition of another furnace for the second time this month reflects strengthening in current orders for quick delivery which have been improving over the past few weeks.

Plant employment will increase some 75 people, bringing total plant employment to approximately 7,100. This number is 450 more than were employed at the beginning of the year.

THAT WRENCH IS HERE AGAIN

Friendly Advice Ignored

In their mad pursuit of the 35-hour-work-week leaders of the AFL-CIO are not only riding rough-shod over the public interest but are completely ignoring the advice of some of their best friends.

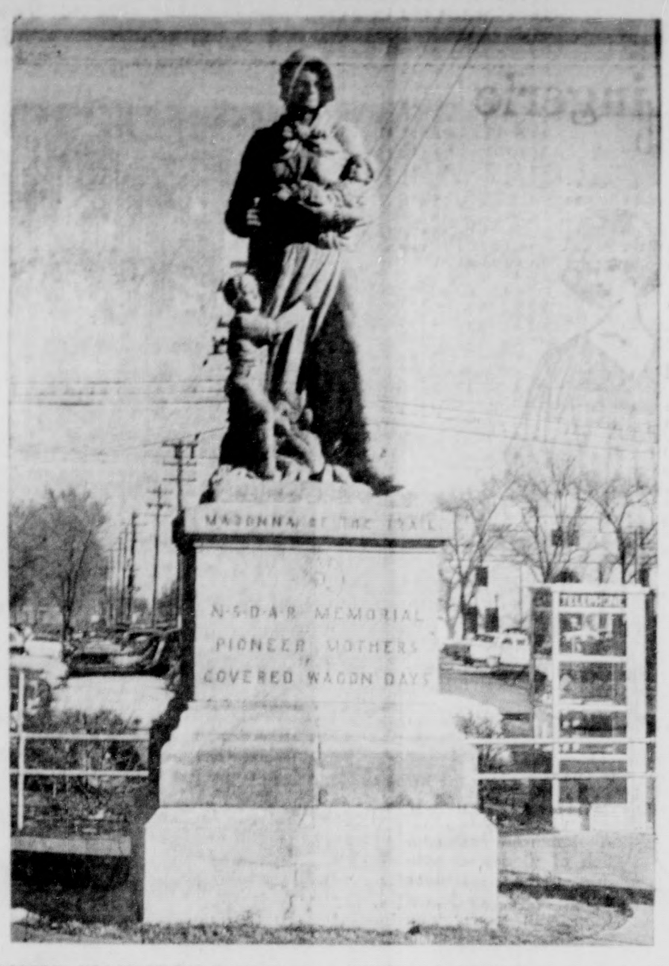
President Kennedy, Secretary of Labor Wirtz and Supreme Court Justice Goldberg (to name but a few) have all attempted to disabuse the union bosses of their fallacious belief that a shortened work week was a panacea for the unemployment problem.

These public officials, in the main, seconded the arguments of industrial management that the pressure-packed drive for the cut in hours could prove extremely detrimental to the country's economic well-being, and actually increase unemployment.

That's because what the unions are after is not so much a lessening in work hours as it is a sharp increase in pay. They want the statutory work-week reduced from 40 hours to 35, with double-time (instead of time and one-half) for all hours worked over 35. This would mean an increase of 28.5 per cent in the effective wage rate for a 40-hour week. Even a straight 35-hour week at 40-hour pay would boost wages by 14.3 per cent.

With the current high labor costs already exerting a terrific squeeze on profits it could be disastrous to saddle industry with such an onerous burden. Not only industry but every American — through sharp rises in living costs — would be the victim of the union's power-play.

If the union's formula for curing unemployment is so infalliable why stop at a 35-hour week? Why not drop to 20 hours or even 15? Ridiculous? Of course, but no more so than the "logic" advanced by the AFL-CIO leaders.



LAMAR, COLORADO is the location of this Madonna of the Trail monument, number nine along the route of the National Old Trails Road. This statue was dedicated Sept. 24, 1928 and is situated at the corner of South Main and Beech Street. Lamar is known as the "Big Timbers" area which refers to the great growth of cottonwood trees. In these trees the Indians of the Plains — Cheyennes, Comanches, Arapahoes, Kiowts and other tribes — found refuge in winter. White men blazing the "Santa Fe Trail", found the "Big Timbers" the finest camp grounds after Council Grove, Kansas . . . another link on the cross-country trek by Pioneer Mothers.

NOTICE OF INTENDED SALE

Notice is hereby given that R. H. Allen and Faye Allen, his wife, and L. H. Hargrave and Evelyn Hargrave, his wife, of City of Pomona, California, intends to sell to Socony Mobil Oil Company, Inc. a New York corporation, of 812 South Flower Street City of Los Angeles, California. Service Station Improvements and Equipment of that Mobil Service Station business, and located at First and Arrow Boulevard, Upland, California, and that a sale, transfer and assignment of the same will be made, and the consideration therefor will be paid on or after April 9, 1963 at the escrow department of United California Bank, Second and Elm Office, 401 Pomona Mall East City of Pomona, California.

Editor, Upland News

The calamity that has come to the island of Bali and its people due to the eruption of the vulcano Agung has resulted in more than 1700 people burned alive and more than 300 thousand Balinese were forced to leave their homes, cattle and rice fields. Many are trying to reach the island of Java. More eruptions are predicted.

I have contacted the Consul General for Indonesia, Hon. Mr. R. Daroman, who visited and spoke in Upland last summer and he informed me that the most effective way to help is to make our gifts to the Indoresian Red Cross.

I was also informed that the local branch of the American Red Cross is prepared to receive gifts, marked "FOR BALI" and will gladly forward these gifts to the Indonesian Red Cross.

My appeal is that the churches and the clubs and citizens in our area may all give a helping hand to the suffering Balinese people, by sending to the office of the local American Red Cross you gift. Your gifts will be tax-deductable.

Thanking you in advance for "the helping hand" to those in great need.

Your truly,
Dr. John G. Bremar
Medical Missionary to Indonesia

Community Art Association Selects Exhibit Works

Mrs. Philip White of Upland, Olof E. Snyder, Upland and Mrs. Ellis Arnett, Ontario, acted as a committee for the Chaffey Community Art Association and assembled paintings, sculpture and ceramics for the forthcoming Inter-Association Art Exhibit sponsored by the Pomona Valley Art Association.

They reported that 20 entries in different media were selected Friday, March 15, by jurors, Robert Fleck of Upland, and Robert E. Smith art instructors at Chaffey College.

The entries for the Chaffey Community Art Association along with entries from adjoining Southern California counties will be shown at the Inter-Association Art Exhibit held in the Fine Arts Building at the Los Angeles County through April 7.

The Exhibit will be open to the public daily from 4-8 p.m., on April 1, through April 5, on Saturday, April 6, 2-8 p.m. and Sunday, April 7, 2-6 p.m.

The following entires were chosen by the above jurors:

Paintings: "Landscape", by Jennie Drutz, Casein; "The Raven", by Alice Riddington, Water color; "Evergreen", by Fern Ritchie, Water color; "Mrs. Scott's Barn", by Cordelia Rutherford, Water color; "Sylvia", a portrait, by Dorothea Heinauer, Oil; "Study in Gray", by Pauline Courtney, Gouache; "Alta Loma Barn," by Thelma Walt, Oil; "The Sun", by Carl Hossler, Oil; "New View of Toledo", by Morris Rosenthal, Oil; "The Farmer Takes A Wife", by Harriett White, Oil; "Old Windery", by Kathryn Arnett, Oil; "The Wind's Song", by Betty Kalfell, Oil; and "Whitney's Woods", by Marcia Underwood, Oil.

Graphic Arts: "Still Life", by Ellen Vickers, Pen and Ink Drawing; "Leaves", by Helen Williams, Drawing.

Ceramics: "The Girls", by Jessie Groendyke; "Teapot", by Mary Buche; and "Bottle" (inset Design), by Philip Cornelius.

Enamel: "Pineapple", by Gertrude Quackenbush.

Sculpture: "Crucifixion" by Raymond Schultze, Lost Wax process.

The above 20 entries are in competition with other Art Associations for Cash prizes, gold plaques and ribbon awards which will be selected by the Awards Jury.

The jurors mentioned above will enter the Exhibit as non-competitive guests. They will show: "Step by Step", by Robert E. Smith and "Untitled", by Robert Fleck.

Mr. Smith and Mr. Fleck along with many outstanding Southern California artists will be non-competitive guests of honor; they will be eligible for the Popularity Vote.

A special gold plaque will be awarded the work of art receiving the most votes by popular ballot of the viewers. Each visitor will be given one ballot to cast for the viewers' favorite piece of art. The votes will be tallied each day. At the close of the Exhibition the gold plaque will be awarded.

Chaffey High School District Candidates Answer Questions

(Editor's Note: On April 16, voters will fill two four-year terms and one two-year term on the board of the Chaffey Union High School District. Running for the four-year terms are incumbents Anderson and Cushing plus Mrs. Carlson, Draper, Mrs. Hecht and Madison. Opposing incumbent Allred for the single two-year post are DeDiemar and Stanhope. Following are the candidates' answers to specific questions asked of them by this newspaper.)

* * *

Arnold Anderson

(1) Why should I be elected?

I have served the district now for nearly four years, attending nearly all Board meetings, which are held two Monday evenings a month and attending seminar meetings, which are normally held on the alternate Monday nites. These seminar meetings are usually devoted to matters of curriculum, personnel, facilities and like subjects, which give us a good insight as to the efficiency and sufficiency of our school operation. I believe this, with my natural interest in education makes me a suitable candidate for re-election.

* * *

(2) What changes should be made in the district as it is now operating?

I believe the district operation is an excellent one and I would make no recommendations other than those which have been made by the Committee on Unification.

* * *

(3) What is your stand and opinions on unification?

I believe the unification program is desirable, but any recommending authority should bear in mind the financial conditions which would affect the proposed moves.

* * *

(4) What improvements in facilities should be made and how financed?

I believe the recommendations of the Citizen's Planning Committee, chairmaned by Mr. R. L. Rossiter, have been well publicized and should be accepted.

* * *

(5) What suggestions do you have for improvements in curriculum?

I feel there is a slight over emphasis on some specialty courses, i.e. photography and shop subjects, however; I do not feel that this is at the expense of our basic courses.

Elinore Carlson

(1) Why should I be elected?

Because of my own personal interest in education, I have studied many phases of our school system and curriculum, as well as having attended meetings of the State Board of Education each time it has convened in the Los Angeles area in the past few years.

I have the time to devote to the office and feel I can fill the position with diligence and sincerity.

* * *

(2) What changes should be made in the district as it is now operating?

At the present time I see no reason for changes in the district as it is now unionized. However, as the territory grows in all directions, there may be a need for a change. Just how this growth will take place is one thing we cannot foresee. It will require constant attention.

* * *

(3) What is your stand and opinions on unification?

I emphatically oppose MANDATORY unification, as I firmly believe the people in each district should have the right to determine what best suits their needs. However, I favor unification in smaller districts, providing these districts have interests in common, and financial stability.

* * *

(4) What improvements in facilities should be made and how financed?

There is no denying the need for additional classrooms and future sites in the Chaffey Union district. Our territory cannot help but experience a tremendous growth in the next several years, and we must prepare for this. I see no other alternative except for a bond election.

* * *

(5) What suggestions do you have for improvements in curriculum?

High school curriculum must be strengthened with courses in economics that teach the great free enterprise system of our country. Next, students must be taught the nature of Communism, and the threat it poses to the free nations of the world. Last but not least, let's have more basic studies, and less "frill" courses.

Paul Cushing

(1) Why should I be elected?

After having served four years on the board, I now feel that my contribution to the community should be much more effective due to knowledge of curriculum, finances, facilities, and personnel.

Frankly, knowing full well the responsibilities, the amount of time involved, and the criticism which is often forthcoming, one must be motivated by willingness to serve "above and beyond the call of duty."

* * *

(2) What changes should be made in the district as it is now operating?

There have been numerous changes made in district operations during the past four years. For example, at the beginning of my term of office no written policy existed regarding personnel, discipline, purchasing or anything else. This has been accomplished and is now a matter of record in all cases.

Doubtless there are areas where improvements could and should be made. As these become apparent, I will surely make an effort as one board member to make the necessary changes and improvements.

* * *

(3) What is your stand and opinions on unification?

My opinions on unification have been widely stated. I favor the status quo until such time that it can be shown that unification will be an improvement over the present organization. I do, however, favor the combination of elementary districts as suggested and recommended by the West End Study Group. This consolidation would, I believe, improve the situation over the present organization.

* * *

(4) What improvements in facilities should be made and how financed?

In accordance with the recommendations of the Citizens Planning Committee, I voted in favor of the proposed ten and one-half million dollar bond issue to be presented to the voters for their approval. This proposal is based on present and projected facts and figures as gathered by the administration through the cooperation of various businesses and agencies in the area.

It is my feeling that these carefully outlined proposals should be approved by the voters in order to properly care for the expected student load in the Chaffey District. We who have of necessity kept abreast of the growth and the means of caring for it, believe that long range planning and bonding is more practical and cheaper than short term planning and short term bond issues. This has been brought to our attention thru the obvious high cost of the Upland High School in comparison to the two new schools, Montclair and Alta Loma, which have both been built for less money with more complete facilities than Upland. This was done by completing the plans at one time rather than piecemeal. If major changes develope, the board is obligated to again appeal to the taxpayers for approval of such changes as seem pertinent and necessary.

* * *

(5) What suggestions do you have for improvements in curriculum?

I am not an authority on curriculum. The administration is charged with the responsibility of keeping the board abreast of changes and improvements and experiments. The board is charged with weighing and evaluating this information and subsequent recommendations by the administration. We, in the Chaffey District, are making changes in curriculum as rapidly as the facts to substantiate the changes are available and probably will continue to do so.

William Draper

(Editor's note: Although Mr. William C. Draper, candidate for both the Chaffey High School District and the Ontario Elementary District, did not answer each question in a particular order, the following statement on a variety of subjects has been issued by him).

* * *

This is how I feel on the following subjects:

1. SALARIES: First of all one must realize that a school district is a service organization and that the monies spent are limited to taxes and to the monies derived from the State and Federal Governments.

In a school district as in any other endeavor one gets exactly what one pays for, this means it is mandatory that a school districts salary policy must be adequate to attract competent personnel.

A school district has three ways to raise salaries. The first is a more efficient operation of the district. The second is to raise taxes. The third is for the state to assume a greater share of the expense of operation. As a raise in taxes is never a popular move for a district and it will take legislative action for the state to assume greater responsibility. I feel that the first possibility should be throughly and diligently explored.

2. Unification; One of the more perplexing problems of Education are the rich and poor districts. I believe that in the foreseeable future the school taxes will be levied equally over the entire state and will be pro-rated to the school districts on an average daily attendence record. This will do away with the rich and poor districts which has been the stumbling block in the efforts to unify up to now.

When the nine districts that compimise the Chaffey High School District were formed they were necessary because of the area involved and the only means of transportation was either by horse or walking. With the expansion of the population and with our modern transportation this many districts are superflous and very expensive.

Expense though is not the real problem. As five of these districts have only one school, two have two schools they cannot afford the student the advantages that are possible in a larger district.

I therefore believe that the nine Elementary and one High School district should be unified in one large district with one Superintendent, one board of trustees and one curriculum.

3. Building; In reference to building costs a large district could construct complete school plants instead of the more costly piecemeal construction as several of the small districts are now doing.

As a school Inspector it has been my experience that to build a school plant one or two buildings at a time or to resort to the so called portable classrooms is the most lamentable waste of a districts money.

The projected population increase for this district clearly indicates the need for additional high schools in the near future, and for the Montclair area immediately. These must be financed through bond issues, approved by the voters. Study should also be given to the possibilities of greater and more efficient use of present facilities.

* *

(5) What suggestions do you have for improvements in curriculum?

There must be a constant review of curriculum and a realistic consideration of changes in the courses offered as the needs of the district change, i.e. changing from agricultural to urban community; however, any changes must be considered in relationship to the overall program of the school.

John Madison

(1) Why should I be elected?

I feel I have the ability to adjudicate adequate and equal opportunity for student education, proper recognition of certificated and administrative personnel requirements and the real obligation to the taxpayer.

* * *

(2) What changes should be made in the district as it is now operating?

I don't feel I have sufficient working knowledge of today's operation to be outspoken about specific changes.

* * *

(3) What is your stand and opinions on unification?

I feel unification can have some benefits in the coordination of a thorough educational curriculum from kindergarten to the high school senior. Proper fundamental education should be our foremost concern. The operational costs should also reduce proportionately per child over today's operation, hence, greater value for the taxpayer's dollar in the long range plan. This would include administrative costs.

* * *

(4) What improvements in facilities should be made and how financed?

Additional facilities and school locations should be paced with the growth of the district geographically. The financing of the projects should be evaluated by urgency of need, saturation of legal bonding or State loans (preferably bonds) and the will of the voting public by a two-thirds majority. The present facility provisions appear to be adequate.

* * *

(5) What suggestions do you have for improvements in curriculum?

I feel we should provide maximum opportunity for equal student educational programing. Whether this constitutes changes in the curriculum remains to be seen. I have requested copies of the curriculum from the District Administrative Offices.

A. Richard Allred

(1) Why should I be elected?

I should be elected only if that is the desire of the voters in the District. I do feel that my past two years as a member of the Board of Trustees plus ten years experience in business management and an additional ten years experience in heavy construction do give me qualifications which are desirable in an expanding school district such as the Chaffey Union High School District.

* * *

(2) What changes should be made in the district as it is now operating?

As regards changes that ought to be made in the District as it is now operating, my past two years on the Board make me realize that there is constant change and adjustment in the operation of the schools as directed by the Board of Trustees and carried out by the supervisory staff. All of these minute changes have been in an effort to make a more effective use of the funds available to the school system.

I have been in favor of better communications between the Board of Trustees and the members of the teaching profession and the citizens of the community, and I am extremely pleased to know that we have citizens in the community who will band themselves together as a committee and assist the Board with the major decisions affecting our communities and our schools.

* * *

(3) What is your stand and opinions on unification?

A stand on unification is not an easy thing to establish. There are many facets to unification, two of which are curriculum and finance.

As regards curriculum, unification may be very desirable because it coordinates the curriculum from the kindergarten through senior high school, however the same results can be obtained by cooperation between elementary and high school districts.

As regards finances, unification then becomes a problem as to the area which will be unified, one area being much industry to support a school system, and leaving another area under financed and unable to provide for its students the needs of a good educational system.

I am in favor of unification when it can be brought about in such a way that one area will not over benefit, while another area is forced into financial crisis.

* * *

(4) What improvements in facilities should be made and how financed?

We are in an area where due to the population growth, we are constantly having to expand our facilities and get the maximum use from them. Currently consideration is being given to ways and means of getting greater use out of our facilities. Also our current bond issue which is coming before the voter on May 18 has in it the expansion of our facilities in Montclair, a new high school in south Ontario, a new high school in north Upland, and the addition of an auditorium to the Upland High School campus.

* * *

(5) What suggestions do you have for improvements in curriculum?

I do not see any need for radical changes in our high school curriculum, minor ones are always being made in an effort to improve the courses offered in light of the latest knowledge and information available.

The effort of the Board and the school is to provide the student with encouragement and opportunity to achieve his maximum development in the academic, technical, physical, and social skills. At the same time instilling in the student those fundamental moral and ethical values which promote a belief in the dignity and the worth of every human being.

Jerry DeDiemar

(1) Why should I be elected?

In answer to your specific questions, I do not advocate any particular changes in the district operations, its organization, or its curriculum at this time. I have no axe to grind in seeking this office; only a desire to serve the community and a genuine belief that I am well qualified.

On facilities, no doubt you are aware of the work being done by the Citizens Advisory Committee. I endorse their finds and recommendations. Financing should be handled by bonds in the usual fashion.

I hope to be elected by convincing the voters that I represent their views better than either of the other two candidates.

* * *

(2) What changes should be made in the district as it is now operating?

I believe that it is the responsibility of the Board to establish objectives, set policy, and see that that policy is carried out. I do not believe that it is the business of the Board to prescribe the detailed methods by which such objectives are to be achieved. The latter is a job for a professional educator or administrator. For this reason, I also believe the Board should consist of lay persons who will not be tempted to misuse the power of the Board in ways not properly within the purview of the Board.

* * *

(3) What is your stand and opinions on unification?

With growth comes change. As our community continues to expand, reorganization of the several elementary, high school and junior college school districts will be necessary. However, the population density, taxable property distribution base, and growth projections indicate that it would be premature to undertake unification at this time. On the other hand, it is not premature to establish a master plan for re-districting the area in accordance with the anticipated rapid population expansion.

* * *

(4) What improvements in facilities should be made and how financed?

I am opposed to federal aid to education because there must be conditions prescribed by Washington which determine eligibility for the aid. Since the source of funds coming from Washington is the same taxpaying public that furnishes all the other funds, federal aid to education accomplishes nothing more than federal control of education. I would resist any further dependence upon State aid for identical reasons.

* * *

(5) What suggestions do you have for improvements in curriculum?

The school curriculum should be designed to equip the student to take his place in society upon graduation. Consideration should be given, therefore, to society both as it will exist, and society as we might like it to exist. Where they are not the same, he must learn of both, and be taught how to tell why one is good and the other bad.

* * *

I believe that teachers, like other taxpaying citizens, need some incentives to do their best work. Given the shelters of tenure and a highly structured salary system, there is little to distinguish the good teacher from the not-so-good one. Although years of service and number of graduate course credits are indications of probable proficiency, they are by no means either necessary or sufficient measures, in themselves, of actual proficiency.

Clayton Stanhope

(1) Why should I be elected?

Because of my education, business, and civic background experience and my philosophy and my basic objectives, I would appreicate the consideration of the voting public.

* * *

(2) What changes should be made in the district as it is now operating?

A change in the practicable philosophy of the candidates is in order. I believe that the control of public edueation should remain in the hands of the local constituents. Certainly this is the obvious stand of other board members and candidates. But actions speak louder than words and so let us observe the actions of our present Board and attempt to analyze how philosophy and principle are so easily set aside when a financial handout is dangled before anxious individuals.

The Board's actions and decision for the so called "Robin Hood" county-wide tax is a case in point. The Board first voted against support for this proposal until they learned that they would theoretically gain $71,000 in aid based on some formula which at best at this time can only vaguely approximate what the kick-back will be.

But the main point is they based their decision primarily on a monetary hand-out, an action which seems to be the fad of our day and age. This attitude, to take from those who have and give to those who have not, or take from the rich to give to the poor (with a sense of morality labeled Robin Hood) can only weaken the forced giver and the greedy receiver. The giver-upper will labor resentment for the parasitic grabbers and the grabbers will be content to let George do it. The dilema is you don't really know what side you might next be on.

* * *

(3) What is your stand and opinions on unification?

As a minimum unification of the present area, I would suggest Montclair, Ontario, Upland, and the Cucamonga-Etiwanda district as separate entities. The maximum unification for efficiency without diminishing returns would be combinations of two, such as Montclair-Ontario and Upland-Cucamonga-Etiwanda.

* * *

(4) What improvements in facilities should be made and how financed?

I approve the $10.5 million school bond issue for the needed improvements in facilities over the next nine years.

* * *

(5) What suggestions do you have for improvements in curriculum?

Suggestions for the improvements in the curriculum are:

a. To urge the State to uphold its former traditional obligation to carry its share (one-half) of the financial burden of public education. They now carry about 38% compared to the local load of 58%—4% being paid by the Federal Government. The State has passed the sales tax and the income tax namely for support of education; yet funds have dwindled off into les worthwhile enterprises of questionable value. They even reneged on the basic aid support by penalizing counties of below average assessment. They then used this amount for other non-educational expenditures. Now they want to erode the property-tax, and the presently proposed county-wide tax will do just that.

b. Youth unemployment, drop-outs, and juvenile crime are problems the school system and the Community must face with more local dedication and less longing anticipation for State and Federal relief.

The businessmen, professional people, and dedicated citizens can do more to solve this problem than all the gold in Fort Knox, if there's any left there. We must find a Community spirit which will keep these students in school, provide them with part-time jobs, and furnish full-time jobs to those who will complete their education on a part-time basis.

Likewise we the Community should furnish the opportunity to those students who are more trade or technical minded to follow their natural abilities.

c. More and more we see the ratio of students to teachers (30 and 35 to one) increasing, bringing on larger class loads. At the same time we see the ratio of students to administrative help (8 and 9 to one) diminishing. This trend should be reversed in order to put stress on education where it is needed—in the classroom.

d. We often hear of the excess time, effort, and expense expended for athletics, but I think that we must admit that for the development of sportsmanship and competitive spirit there is much in sports which could well be emulated by the academic, namely, competition and broad recognition. On the high school level I would like to see competition in such studies as Mathematics, History, and Literature. These might well be conducted in the form of competitive quizes. Were they to attract 1/20 of the attention and spirit that athletics has produced you would surely witness a modern Renaissance.

Camp Aides To Train

Seventh and Eighth Grade Girl Scouts of the East San Gabriel Valley Council who wish to serve as Camp Aides at Day Camps this summer will have a training week-end April 19, 20 and 21.

Training will be given in song leading, games, simple folk dances, nature crafts, simple first aid.

There will be four sections of training on the above dates: Section 1: Chaffey Scout House 388 N. Third Ave., Upland; Section 2, La Casita, Claremont; Section 3: Chino Scout House, 5007 Center St., Chino; Section 4: Azusa Scout House, 328 N. Orange Place, Azusa.

Registration will be open until April 1. No registrations will be accepted after that date. Application forms may be secured through Neighborhood Chairmen. Girls taking this training agree to serve as a Camp Aide in one of the 11 day camps.

Also, volunteers are needed to spend the week-end at each of the four places as housemothers, cooks, and observers. Those interested should call Mrs. Nethercutt at ED 1-5554 or drop a card to her at 4040 Lyman Ave., Covina.

* * *

Two sections for Advanced Camp Aide Training in the East San Gabriel Girl Scout Council will be held April 26, 27 and 28.

Section 1 will be held at the Azusa Scout House, 328 N. Orange Place, Azusa, and Section 2 at La Casita, Claremont.

Eighth Grade Girl Scouts who took the beginning Camp Aide training in 1962 and served at one of the Council's Day Camps are eligible for this training.

Advanced trainees will review some of last year's work as well as practice outdoor skills, knots, compass, tents, knife and ax, firebuilding and cookout planning.

Girls may secure applications from their Neighborhood Chairman and register until April 5. Girls taking this training wil serve in Council camps during the summer of 1963.

Arizona was the former home state of Mr. and Mrs. Bill Gimple and their two children and from Alta Loma came new residents Mr. and Mrs. Darwin Roland and their three children.

Also on our welcome list are newcomers Mr. and Mrs. Edward Shioloff from Pomona and Mr. and Mrs. Alfons Sellers and their two children from Canoga Park.

Our welcome to new neighbors Mr. and Mrs. John Vanderlind and their baby from Pomona; also to Mr. and Mrs. Cameron Erwin and their three children from Los Angeles; and the James Mann family from Montclair.

Mr. and Mrs. Clifford Collins from Pennsylvania; Mrs. Bertha Martin from Ohio; and Mr. and Mrs. Stanley Liddle and their three children from Illinois are all welcome newcomers to Upland.

Welcome newcomers to Upland are Mr. and Mrs. Arthur Jenkins and their four children from Washington and Mrs. Virginia Vargas from Ohio.

Also on our welcome list are new residents Mr. and Mrs. Frank Strazer from Ontario; Mr. and Mrs. Donald Tooley from Montclair; and the Larry Kreger family from Ontario.

Mr. and Mrs. Howard Sims and their two children moved to our area recently from Ontario and Miss Mary Millburn came to our community from San Diego.

We welcome new neighbors Mr. and Mrs. William Blanchard from Ontario; also Mr. and Mrs. Norman Vadnais from San Leandro; and the Donald Potter family from Ontario.

In our busy lives today, it is sometimes difficult to do the nice little things, such as visiting a new neighbor. Your hospitality hostess is your ambassador of goodwill. She will call on newcomers to Upland and bring maps, gifts, and civic information. Call your hostess, Mrs. Lois Butler, at Yu. 6-7080 and give her the address of newcomers so that she may welcome them to our community.

Pioneer PTA Seeks To Halt Pornography

Pioneer PTA, after two study programs, voted to send to Governor Brown, Senator Nisbet and Assemblyman Quimby the following resolution:

"**Whereas**, Pioneer PTA membership agrees that control of pornography is inadequate; therefore,

RESOLVED, That Pioneer PTA, (Pioneer Junior High School, Upland, California) endorses action by California state legislators to support or introduce legislation to stop the production and sale of pornographic publications.

RESOLVED, That Pioneer PTA strongly recommends that new legislation clarify the definition of obscenity in Section 311 of the Penal Code.

RESOLVED, That Pioneer PTA members, realizing that the definition of obscenity is difficult, suggest that key words in the definition of obscenity are "consideration of whether the material manifests sexual perversion."

On behalf of the unit, Program Chairman Mrs. William Walton and United President Mrs. D. E. Veirs thank the following panelists who led discussion at the March 19 meeting:

Mr. C. R. Langford, Assistant Probation Officer, San Bernardino County West end Office; Lt. John McCarthy, Upland Police Department; Rev. Charles C. McMahill, President, Upland Ministerial Society; Mrs. Charles Neff, parent; and Mr. Shelby Forrest, Principal, Pioneer Junior High School.

* * *

Taking office in June will be the following newly-elected officers of Pioneer PTA:

President, Mrs. Ray Rietkerk; Vice-President and Program Chairman, Mrs. William Walton; Treasurer: Mrs. Felix Bescoby; Historian, Mrs. Robert Bush; Auditor, Mrs. W. B. Klinger; Recording Secretary, Mrs. Hugo F. Vavrinek.

Students of the music program at Pioneer Junior High School will entertain at the installation-meeting in May.

At the March 19 meeting, Pioneer PTA members voted to use Pioneer PTA funds to buy 5 student tickets for Community Concert programs. Given with purchase of 5 tickets, a free adult ticket allows an escort for each group of students. A minimum of 25 students will participate. Pioneer PTA encourages creative recreation for youth.

address of newcomers so th
she may welcome them to o
community.

Pioneer PTA Seeks To Hal Pornography

Pioneer PTA, after two st
dy programs, voted to send
Governor Brown, Senator N
bet and Assemblyman Quin
by the following resolutio

"Whereas, Pioneer PT
membership agrees that co
trol of pornography is inad
quate; therefore,

RESOLVED, That Pione
PTA, (Pioneer Junior Hig
School, Upland, California) e
dorses action by Californ
state legislators to suppo
or introduce legislation to st
the production and sale
pornographic publications.

RESOLVED, That Pione
PTA strongly recommen
that new legislation clari
the definition of obscenity
Section 311 of the Penal Cod

RESOLVED, That Pione
PTA members, realizing th
the definition of obscenity
difficult, suggest that ke
words in the definition of o
scenity are "consideration
whether the material ma
fests sexual perversion."

On behalf of the unit, Pr
gram Chairman Mrs. Willia
Walton and United Preside
Mrs. D. E. Veirs thank t
following panelists who le
discussion at the March
meeting:

Mr. C. R. Langford, Ass
tant Probation Officer, S
Bernardino County West e
Office; Lt. John McCarth

DAVE SAYS:

I feel slighted. Usually I get to argue city politics for a couple of months. But we disposed of almost all our city election problems in the Primary. The only thing left to argue about is who will be top man in the fourth ward. Well, that, of course, is better than nothing. So I'm inviting you down to Dale's Jewelers where we can still have some good old hot stove, cracker barrel sessions. Come on in! Stan and I always enjoy a good argument . . . . And also, if we can get you in the store, we can point with pride and get you to view with astonishment our many wonderful jewelry values.

Who Brags About Being a Slowpoke?

Nettleton, bless them! and we hope they always will, for, as long as Nettletons are "the slowest-made shoes in America," we—and you—can count on a quality never possible in the rush and tumble of mass production. The patient, painstaking fingers of a craftsman are slower, of course, but they have a knowing way with a shoe that a machine cannot match . . . which is why a Nettleton always feels and fits so much better than an ordinary shoe; why it wears so much longer; and why the first pair of Nettletons a man buys invariably marks the beginning of a life-long love affair. Equally, he discovers that the slightly higher price isn't a luxury; it's an economy! Why don't you try a pair of our Nettletons?

she may welcome them to t
community.

Pioneer PTA Seeks To Hal Pornography

Pioneer PTA, after two s
dy programs, voted to send
Governor Brown, Senator N
bet and Assemblyman Qui
by the following resolutio

"Whereas, Pioneer P
membership agrees that co
trol of pornography is inad
quate; therefore,

RESOLVED, That Pione
PTA, (Pioneer Junior Hi
School, Upland, California) e
dorses action by Californ
state legislators to suppo
or introduce legislation to st
the production and sale
pornographic publications.

RESOLVED, That Pione
PTA strongly recommen
that new legislation clari
the definition of obscenity
Section 311 of the Penal Cod

RESOLVED, That Pione
PTA members, realizing th
the definition of obscenity
difficult, suggest that ke
words in the definition of o
scenity are "consideration
whether the material ma
fests sexual perversion."

On behalf of the unit, Pr
gram Chairman Mrs. Willia
Walton and United Preside
Mrs. D. E. Veirs thank t
following panelists who l
discussion at the March
meeting:

Mr. C. R. Langford, Ass
tant Probation Officer, S
Bernardino County West e
Office; Lt. John McCarth
Upland Police Departmet
Rev. Charles C. McMahi
President, Upland Minister
Society; Mrs. Charles Ne
parent; and Mr. Shelby Fo
rest, Principal, Pioneer Ju
lior High School.

* * *
